Dear Sir;

I received yours in due course for which I beg you will accept of my most grateful acknowledgements – I had learned previous to the receipt of yours that the Goldsboroughs had exercised in the City – and that they had authorized Mr. Graham of this place to procure them a summer House in this neighbourhood – This news you will readily imagine was very pleasing to me – and I thank you most cordially for mentioning my name to your favourite Maria – and I beg you will repeat it as often as you please – so that it be agreable to her –

wherever you Gentl. Van Cortlandt –
your suggestions were right for I was married on the 10th May – I immediately left Albany with my wife for my home where I have been since –
Should you have permission to return to Washington you will not be unmindful to present my most affectionate respects to my amiable friends the Mrs Washingtons – I regret much
