My dear Eliza, Needwood Dec. 24. 1813.

1009

I have scarce a moment to devote to you so busy have been since 6 this morning Despatching my Waggon & writing my letters — this letter is therefore merely to prove so far as G. T. in the present State of the Roads I would most gladly visit you & my other Children & Friends at their Winter if practicable more especially if I could combine such a visit of pleasure with the agreeable business of Conferring good sales of Lots made by John — your 2 pieces one Bacon are sent to the care of yr brother John — I have sent a little Butter, Mutton & Sausages & a cask of Cider & I hope you will partake of them in my visit to Burgundy — my blessing to my little Grand. Mary Ellen & my best
