Dr. John

Your letter of the 8th inst. I have received with its contents, agreeably to your request I called on Mr. Wacker yesterday to procure the Merino shawl for Mrs. Horsey which has been forwarded this day by Mr. Brent – it is the selection of my Eliza – & I therefore expect and indeed have but little doubt but that your sister will be pleased with the choice – The bill I herewith enclose – Your letter has been taken out of the office which I have given you on my return –

We all regretted exceedingly but particularly the young ladies that your visit was so short an one in this place – I have delivered to them the message – but they have not ceased to abuse you for your sudden departure
