Dear John, Woodwood Decemr. 17. 1815

1034

It was not till yesterday noon that your letter of the 12th by Doct. Clagett came to hand, yet is the only one I have received for a long time from you, probably on account of the Money I acquainted you to supply me with which came from Becken baugh which exceeded the sum of $800—

You do not mention when the person who offered for a lot on the East side of Greene Street, proposed paying for it— I have no sort of objection to taking $25. the front foot for 43 or 101. but the street to front on the Creek must be laid out & if not done immediately reserve as much in every lot sold as may be necessary to make it from 15 to 20 feet wide would 18 feet be sufficient? let it be known that such a street is contemplated & I have no doubt the sales will be accelerated— by laying off the street ~~will~~ & it will greatly injured & as it will be the means of opening a communication to Mr. Moyer's No 8. he ought to contribute in some way or other— the purchaser of the lot I presume will pay within 6, 9 & 12 Months, if he is very good. I hope ~~the~~
