Dear John, 1057 Woodwood June 30. 1819 —

On the 28th I settled with Mr. John Shafer Jr so far as to receive from him $1036 — on the Ch. City Bank in a Check & Money $94.94. the balance I expect to be paid in three or four days — nearly 300 Bushels of Wheat the balce of the 900 Bushels which by the last arrangement he agreed to take, still remain in my Granary — the quantity is measured & lies here at his risk — I have two parcels of the White & Red Bearded over & above on hand, both a very fine but as the crop now ready almost for cutting promises to be not only so plentiful, but excellent in quality — I pray my old Wheat the less — please to inform Genl. Smith that $1000 — were yesterday passed to the Credit of Walter Smith esqr. the order of Mr. Lewis Green the 2d Officer in the Branch Bank of Frede. extracted from his letter to me of yesterday — so that the Money may be immediately drawn by G. Smith — I have bought liquor & other expenses for Harvest & paid for them — this has left me very bare of Money as you may suppose — I began my Grain Harvest by cutting a little Rye that was early sowed — altho I have not nearly finished
