ing Cloud day, nearly three days hearth of that kind, yet to do my
Timothy must remain over till the Grain is secured - no Sense yet
to plant Tobo. everything nearly burnt up by the uncommon hot
Weather - I sincerely hope you will not fail to go over to Mrs.
H. & Tom's farm & that you will have sufficient influence to prevail
on Mr. H. & Eliza to prefer a Journey Northward to that towards the
Sea Shore - precious time may be lost by a Visit to Lewes Town -
plenty of Exercise in a pure Atmosphere, Much good Wine &
wholesome food must be the remedy for Eliza most certainly -
My love to all of them, I expect Will to come Soon & the Children over
with Eliza's - I wish the two farmers a plentiful Harvest & good
prices for all their produce - Yrs very sincerely & affectly

Thos. Lee

I hope the Mess.rs Smith will be
satisfied with their last payment & take the present
for I have no money left now to raise any more Money till my new
Wheat is sold -
