Dear Sir

I enclose you a note from Dr. Beatty in reply to the enquiry you requested me to make.

What on earth can induce you to bury yourself in your antiquated Castle of Medwood, when so many inducements are presented to visit the gay Metropolis? Your old friends are daily enquiring after you. Peter will return to the Dist on Friday next. We are sanguine in our calculations of a subscription on the part of the U.S. to the Canal. Come down soon. Very truly yrs
