Homewood Sept 2 1828

My dear Sir

In answer to a letter to Dr Tucker, he says "Dr Physick will not be in Philadelphia until the 3rd or 4th of Sept. unless the weather becomes very good before that time" But as that period is so near I shd be very happy if you will stay with us until he compelled to go on, and here you can attend to any business you may have in Balt. as Richard Lee is with us and attending to your mutual affairs.

I am happy to tell you that Mary has been much benefitted by her journey and both of us much gratified by your hospitality & kindness and that of Mrs Harry which at Greenwood to whom I beg you

Charles Carroll Esq
