Dear Sir

I was in George Town a few days ago and was in hopes to have seen you there, the object I have in view however was to see you respecting the Lot I ~~bought~~ bought of you in 1820. With the view of purchasing it out the time is now drawing nigh when that time will expire, and I understand the title to the property cant be made at least for some time to come. Be pleased to write me on the receipt of this stating what is the difficulty, if any, and as I am extremely anxious to see you on that sub-ject if you will on the receipt of this write me what day you will positively meet me in George Town, or Washington I will go up for that purpose, as the distance is considerable for me to ride, be pleased not to disappoint me, — shall I go up — Humbly

Yours
Saml. Childs
