Sir

The distinguished rank, as the representative of Delaware, you formerly occupied in the Senate of the U. States, & your familiar acquaintance with the measures of the national government from its origin to the present period are well known to the National Republican Corresponding Committee for Frederick County; & anxious to profit by your great experience, they have instructed the undersigned to invite you to attend (if convenient) the next meeting of the Central Committee which will be held in this city on Saturday evening the 20th inst.

The hostility of Genl. Jackson to the United States Bank; his opposition to Internal Improvement by the federal Government; his equivocal attitude in relation to domestic industry & his favorable disposition to the repeal of the 25th section of the judiciary act of 1789 evince a settled determination to repudiate the policy of his predecessors, & are well
