Balt. June 7. May 5th

D Sir

Was only yesterday, that Mr Nelson got Mr Carroll's order respecting the assignment of the debt of T. S. Lee, and his securities. Tomorrow he will enter it, conformably to the direction.

Mr C Carroll called on me yesterday, respecting the suit of which he has a very incorrect view — Both he, & the Harper branch, and he further says Barret, would acquiesce in the suit being prosecuted, I am sure none would; and that I would speak to the Harpers to consent, and to Mr Carroll to approve of this getting the money.

Look forward to calamitous times, unless some event, not to be expected, avert the evils that threaten us — In anticipation of these evils, I take the measures I suggest, as a precaution — Believe me very sincerely yours &c
