in Philadelphia, I write to urge his acceptance of the Station, & to hasten his return to Maryland. His election will be very satisfactory, as I learn, in Frederick County; and is approved of, very generally, in this place, & by visitors here.

Say to Lee that on his return to Baltimore, I shall expect to see him.

Your letter to me at Baltimore enclosing one for Dr. Fisher was received, & delivered by me in person.

With my best wishes & my respects,

faithfully yrs
