Dear Sir

The Commission did not miscarry but as I was not informed of its having been returned it laid in the office until after the death of Mr William Lee. Had I been informed of it I should have had the de ma alonce. As it is the adm^r of Mr Wm Lee must be made a party as well as your self when you shall have taken out letters or to be interest Lees Estate. Please send me a duplicate of the administration on Mr William Lees Estate as well as of Yours on Arch^b Lee & I will try once more to get the case closed. Mr Kilgour in his letter on being pressed urges us to do you to which I do not understand that you have any objection
