My dear Sir.

I send you the petition I suppose filing with an answer for you to sign for yourself & as solicitor for the other parties for the purpose of getting the case of Lee vs Lee & others before the Chancellor.

Of course as you have his consent there can be no longer any objection to your being sole trustee I have kept the exhibits which I suppose you will not want to see. Please let me have the papers & I will send the Chancellor back in a few days now

Yours very truly
