My dear Mary

Robinson has offered me 6$ per acre for the wood lot of 45 acres, dashed down $6.50 - you and Ellen must determine what answer shall be given to him. He gives his note for this indorsement which is good at six months with interest = I think it a good sale but you must judge for yourselves = ~~I have~~ Genl. Anthony tell me yesterday that he ~~was appeared~~ for Judge Marshall - what say you to asking him to buy Beaver's judgment $1800; and you old-fogy Marshall from Shark's money if it is in reserve, - this would give you little relief at home, but it would prevent Beaver's grumbling. I have a notion to write to him - dam so pertinacious heavy
