My dear Sir

I wrote to you on yesterday. When I wrote I had not seen Mr Markell. I was in court & could not get to see him. This morning he exhibited to me the bond due by Mr. Mitchell. The matter can be easily arranged. I am to receive a mortgage for 7000 $ - you can draw the notes one for 4000 $ & the other 3000 payable in 12 mo. interest from date & under seal & date the notes as of the 20 March 1850 This will stop interest to Mr Markell and then you can pay Mr Markell the balance due by Mr Mitchell & Mr Markell will pay me the interest that has accumulated upon the notes I hold. By this arrangement you can go on & prepare the papers without difficulty - The deed to Mr Mitchell will be executed on the day 19 March 1850 & left in the Bank's hands as an escrow until
