to order an election as soon as practicable -
The Democrats have raised a large amount of
— in the City of Baltimore to carry on his
election with, this will give them a great
advantage - if not counteracted by a
similar effort - Please use your efforts
and have something done for us -
I think you could raise us —
among the Whig Members in the Legislature
please use your efforts immediately, and
within the week what would — Not time
can be lost - as all arrangements must
be made before the Campaign commences -
In conclusion do have something done for
us - I hope to be with you in a month,
and no efforts on my part shall be
spared, to secure my election -
Please burn this letter after reading it -
write to me immediately - you have a
business house - write Capt Claggett a few
lines and urge him to exert himself it is not
my election - but the success of the Whig party
in our State - Our in my respects to all friends
& please do not mention my name in the
above matter -

Yours Truly

Lloyd Beach

MdHS 1974 [1581-1649]
