Senate Chamber Annapolis
January 14th 1855

Dear Sir

The election of a Whig Senator from Washington County is a matter of great importance at this time. Although it will not give us a majority for this session, it will produce a tie by which many results dangerous to conservatism, may be prevented, among which stands the most prominent the election of a Democratic Senator in Congress in the place of Mr Pearce. Other important matters might be mentioned, but it is deemed unnecessary to lengthen this letter by mentioning them.

Respectfully Yours
Wm Simpson Gaither
