Newport June 25th

My Dear Sir,

1688

I have been to acknow-
-ledge your letter and to express to
you my regret that you did not reach
New York a few days earlier, or that
I did not remain there a few days
longer, as I should have done, had I
anticipated your visit, in order that I
might have enjoyed the pleasure of seeing
you.

From mature consideration has
decided me not to attempt to make
any investment in Maryland, - an open-
-ation
