My dear Sir

I wrote you a few days since that I would be in Richmond on Tuesday & would stop in Washington on my return

Last evening I rec^d information from Richmond which enables me to dispense with visiting that place, and I shall not at present leave home. I would therefore be much obliged if you would write me immediately on the subject of the Chesapeake & Ohio Canal. I have the proper parties to unite in it – and we can place the whole matter in just the position to make it most successful.

Send me all the particulars – I will then arrange the plan of action, and after that we must have an interview

Give me your ideas on the proposal which we should make – the guarantee required &c

Very Truly Yours

A W Thompson

Give me your address in your letter.
