How Does He Rate?

Made your score of A's, B's, and C's? Well read on: HE'S AN IDEAL HUSBAND if he scores over 30. So you won't do better than with the man you've got.

Count your blessings and don't forget them especially when he indulges in the occasional bit of irritability for no good reason.

HE'S FULL OF CHARM but a little unreliable if his total comes between 24 and 29.

Obviously well-meaning but not consistent.

You'll have to be firm with his vagaries; don't let him use that charm and get away with it.

Prod him with reminders to encourage and strengthen his good qualities.

HE NEEDS TO IMPROVE if he scores under 23. And so must you in the way you handle him.

Try using humor and coaxing—even decend to the occasional nag to startle him into realizing that there are two sides to every question.
