TOURING' TURNER STATION

By E. S. McDANIEL

Visitors in our area a Sunday ago: The Rev. and Mrs. Douglas Oliver of New York City. They are studying at the Koinia Foundation in Pikesville.

They were guests of the Rev. and Mrs. James A. Everet at the Sunday morning services at the New Shiloh Baptist Church.

The Olivers are here at Koinia to train for missionary work among illiterates. After four months intensive study, teach fundamental reading and writing.

They hope their assignment will take them to India, where the Rev. Mr. Oliver has served before.

He is a native of Birmingham, Ala. He holds a diploma in Bible Study from the Missionary Institute at Nyack, N.Y., and an A.B. degree from Wheaton College, Wheaton, Ill., and has pastored six years in the Christian and Missionary Alliance Church in Birmingham and in Oberlin, Ohio. Mrs. Oliver, one of the few native New Yorkers who has studied at Hunter College, is kept busy with her brood of beautiful children. They are Harold, 18; Terrie Lynn, 9; Beverly, 7; Denise, 4, and Dartene, 2.

DAN CUPID is getting busy with the coming of spring; he is up to his old tricks again. Inell Hill and Roy Wardstaff sauntered off to Matrimony Land the other Sunday.

They were married at the home of the bride's parents, Mr. and Mrs. Anthony Hill. The bride was attractive in a light blue chemise style dress with crystal earrings and necklace as her only accessories. The marriage was witnessed by members of the family. A family reception followed.

Mrs. Eula Goode Pierce and James Johnson were married on Saturday night at the home of the bride's sister and brother-in-law, Mr. and Mrs. Robert Lee Abbott, 215 Sellers Point Road.

The Rev. Nathaniel Mondie, uncle of the bridegroom, officiated.

The quiet ceremony was attended by members of both families and a few friends. Since there are so many members of each family, the reception was held at the Community Center where the couple received many attractive and useful gifts.

The bride wore a very light gray suit with a high ruffled collar. Her blouse and shoes were navy while her gloves and small hat were pink. She wore a corsage of pink rose buds.

Mr. and Mrs. Johnson will make their home in Philadelphia where Mr. Johnson is employed.

Mrs. Johnson will remain in the community until after the close of school to avoid the interruption of the school program of her two attractive children by a previous marriage.

THE TURNER Station Health Committee held a musical concert at the Sellers Point High School Sunday afternoon with a large crowd in attendance.

Several churches of the area participated with beautiful numbers: among them were the Sanctuary Choir, New Life Presbyterian Young Peoples Choir, New Shiloh Baptist, and The Junior Choir, Union Baptist.

The Spiritual Harmonettes and the Happy Four also rendered selections. There were solos by Mrs. Sarah Black well, pianist of the Fair Catholic Faith Church and by Miss Sybil Cooke, daughter of the Rev. and Mrs. Clarence Cooke of Union Baptist Church.

Mrs. Emily Hardy, R. N., Johns Hopkins School of Hygiene and Public Health, gave an introduction to the health services of the community clubs.

A brief discussion on "The Responsibilities of a Good Citizen" was presented by Mrs. Mary Stokes, leader, Mrs. Doris Waddell, Mrs. Rebecca Evans, and Mrs. Agnes B. Williams, P. H. N.

* * *

DURING THE program Howard Gross of Baltimore rendered an oration that was written by President Dwight D. Eisenhower which won a scholarship for him in a contest.

It cannot forget three small girls who rendered a selection representatives of the St. Matthews Methodist Church.

They were accompanied by Mrs. Clara S. Green who was on hand to play for the occasion along with Miss LaVerne Young.

Most of the groups have their own arrangements.

Funds raised from the concert will go to the building fund for a health center in the community.

* * *

THE YMCA Membership drive is still on. The progress that was anticipated is not being made. We realize that the work shortage and the weather have slowed down things, but we owe it to our community to support the Y and stay working to foster the welfare of the youth and the adults.

If you have not paid your membership for the year, please get your money ready for the drive.

If a worker does not come to your home to collect, you may take it to the office of the YM and pay it.

If you are going to me this year or her two attractive children by a previous marriage.

Science Shrinks Piles New Way Without Surgery
Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.
Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

ANNAPOLIS BODINGS

By ELOISE RICHARDSON

The National Sorority of Phi Delta Kappa, Alpha Mu Chapter, entertained approximately 400 guests on Saturday night at a St. Patrick's Day Ball at the State Armory.

It seemed St. Patrick himself was around as the large green replicas of St. Patrick's hat and clover leaf motif dominated the beautiful scenery around the walls of the building.

And the music was out of this world! Guests got happy as they danced around to the swing-time tunes of Leroy Battle and his "Men of Note" of Washington.

Although the affair was informal, the fair sex came on in their beautiful gowns and informal dresses. Sheaths were the rage.

Emily Johnson tipped around most charmingly in a white gray woolen and silk mixture sheath embroidered in black, red and blue. Her plunging neckline ended with wide shoulder straps in the back over which was a neat bow.

Joyce McManus stepped out in an unusual black velvet sheath. The high neckline enhanced by a black dotted net yoke, which was edged in cut-out velvet ribbon. The yoke was tacked middle ways on each side of the skirt.

Marian Bullock was lovely in the traditional bouffant style of pure silk crepe in a blue print design. She had a plunging neckline two ways and a crushed sash ended in a bow at the side.

The members of Alpha Mu made very charming hostesses and created an atmosphere in which all of their guests were given an opportunity to have a good time. And they did!

It was "good to the last drop."

Sorors who participated as hostesses were:

Betty Hymson, Peggy Alsop, Electa Holland, Rachel Brown, Bertha Wyche, Thalma Sparks, Eleanor Reese, Mary Baden, Emmaline Moore, Mary Swann, Elizabeth Hodges, Ethel Thompson, Madeline Randolph, Terrise Reed, Novene and Alice Holt, Ruby Hamlette, Jean Queen, Lois Carroll, Sarah V. MUSIC LOVERS of this community will have an opportunity to listen to the Virginia Union University Choir, of Richmond when it is presented in a concert on Friday evening, March 21 at 8 o'clock.

A 60-voice ensemble, this group has two tours this year, going west as far as Chicago, and east as far as Boston.

Because of outstanding acclaim, the choir has been chosen to sing with the Springfield College Choir in the Easter Sunrise service at Radio City in New York.

W. J. Goodwyn, a graduate of Howard University and New York University, is the director and has served the group since 1942.

Rose Marie will reign as queen of the May Festival to be held at the school.

FIVE WILEY H. Bates High School students passed a science aptitude examination recently, which made them eligible to be a part of the Annapolis Secondary Schools Seminar.

These five students were among 29 selected out of 110 who took the science aptitude examination planned for the Westinghouse Science Talent Search.

The program of the seminar is set up for the purpose of stimulating future scientists and engineers.

The seminar, itself, is an educational device for offering science students of exceptionally high ability, instruction in scientific concepts, methods and applications which are more advanced, rigorous and individualized than can at present be offered under regular curriculum.

The activity of the seminar embraces work and study of such topics as the nature of scientific inquiry and proof, and the principles of logic and critical thinking.

It also embraces the preparation and presentation of technical design, statistical procedure and the methods and aims of research.

Each seminar student must settle on some hypothesis suitable for scientific testing.

There must also be the designing of some appropriate experimental procedure and the conducting of an experiment or research as a project.

These requirements insure understanding of selected fundamental concepts of science as a rigorous system of objective inquiry.
