The Baltimore City wide Citizens Protective Association has announced its support of Second District candidates Chester J. Ray for State Senate and Herbert J. Herman for a House of Delegates seat.

Dr. Max Zervitz, president of the organization, said the two candidates were being given support chiefly because of their interest in having the proposed route of the East - West expressway changed.

Mr. Ray and Mr. Herman, he said, are concerned with changing the planned route along Preston St., so as to preserve three churches which would otherwise have to be demolished.

The organization includes a representative membership of 22 churches, and a number of business establishments.

Drive mapped in Cherry Hill

"Entertaining high hopes of unseating George W. Della, Jr., State Senator for the Sixth Legislative District, and establishing Cherry Hill as the political balance of power in that district, political leaders of the community are busy preparing for the Democratic primary.

James Bundy, attorney and a resident of Cherry Hill, made this statement this week.

"An appeal is being made to every registered Democrat to vote and help Cherry Hill get out the largest number of votes ever cast in its three precincts in an election," he continued.

"Political leaders of the community believe that should 2,000 of Cherry Hill's 2,700 registered Democrats go to the polls on May 20 and cast their ballots for M. Jack Marshall, the candidate opposing Senator Della, there is a good chance the incumbent can be defeated.

"Cherry Hill political leaders are hoping that the move to unseat the incumbent will catch fire and become a — a — wide — Mr. Bundy said.

He said that to achieve this that in Cherry Hill at least 75 per cent of the registered Democrats must vote.

HOW TO VOTE ON A VOTING MACHINE

1. Move the Red Handle from the Left to the Right as far as it will go, and LEAVE IT THERE. (This will close the curtain around you.)

VOTER ABOUT TO CLOSE CURTAIN

CURTAIN CLOSED VOTER VOTING

2. Note that you may only vote the Primary Ballot of the Party with which you are affiliated. The Republican offices are at the top of ballot and the Democratic offices appear in line C. Republican candidates appear in lines A and B. Democratic candidates appear in lines D, E, F, and G.

3. Turn DOWN a POINTER OVER the name of each candidate you wish to vote for (for each office) thus

from this position to this position

AND LEAVE IT DOWN.

4. Continue in the same manner to the end of the ticket, taking care to turn down a Pointer for EVERY candidate that you wish to vote for, and LEAVE THE POINTER DOWN.

5. Move the Red Handle back to the left as far as it will go and LEAVE IT THERE. (This will register your vote; return the Pointers to their unvoted position, then open the Curtain.)

A Few Words of Explanation

No votes are registered until you move the Curtain Lever back to the Left to open the Curtain. You can therefore make as many changes in your ballot as you wish while the Curtain Lever is at the right (Curtain closed). Each candidate's voting Pointer is directly ABOVE his or her name.

The machine is so arranged that you CANNOT TURN DOWN MORE THAN THE PROPER NUMBER of Pointers for each office.

On the Republican ballot you may vote for the nomination of:
- one for U. S. Senator
- one for Representative in Congress
- six for House of Delegates
- two for Associate Judges of the Supreme Bench

And you may vote for the Election of:
- one for Republican State Central Committee by Ward
- one for Republican State Central Committee by District

On the Democratic ballot you may vote for the nomination of:
- one for Governor
- one for U. S. Senator
- one for Comptroller
- one for State Senator
- six for House of Delegates
- one for Sheriff
- one for Clerk of Baltimore City Court
- one for Register of Wills
- two for Associate Judges of the Supreme Bench
- three for Judges of Orphans Court

And you may vote for the Election of:
- three for Democratic State Central Committee
- seven for Delegates to Democratic State Convention

There is no danger of anyone knowing how you vote, as the movement of the Curtain Lever returns the voted Pointers to their unvoted position BEFORE the Curtain begins to open. SO LEAVE THE POINTERS DOWN.

This specimen ballot shows the machine ballot at this Primary Election. If you will read and remember these directions, you will cast your ballot easily and quickly.

Before Going into the Machine on Election Day

1. Examine the Specimen Ballot and decide which candidates you wish to vote for, and note where their names are located.
2. Practice a few times on one of the little Instruction Models, until you are sure that you know how to cast your ballot.

After Entering the Machine

1. Turn down the Pointer OVER each Candidate's name for whom you wish to vote.
2. LEAVE the Pointers DOWN.
