Iota Phi Lambda Plans Six $250-Scholarships

with Lula Jones Garrett

The national scholarship contest sponsored by Iota Phi Lambda Sorority will be held here on Saturday, June 12, at 1 p.m. at the YWCA.

Participants will be February and June graduates of the local high schools. The contest is given to determine the winner of the national scholarship award given by the sorority. There will be six awards of $250 each to be given to the person making the highest from each of the six regions of the sorority.

Miss Evelyn D. Wilkey, national director of education of the sorority, says this contest promises to be one of the most outstanding ones held by the sorority as applications have been received from more than 200 high school graduates throughout the United States. The winners must enroll in a four-year college and specialize in Business Education. The aim of the contest is to encourage young people to enter the field of business through business training.

Entrants may still file applications for the contest by writing Miss Wilkey at 529 Gold St.

SOCIALITES LACKING

For a week minus social doings, the past one was a champion.

Between winding up the season's odds and ends of organization affairs, and getting set for junior and deb's commencements, the socialites had little time for party planning.

Mrs. Maurice Doles and Howard Murphy are off for Boston, where their daughter, Patricia Murphy will take a degree at Simmons. With Mr. Murphy will go his aunt, Mrs. Isabelle Clark. All of the Shipleys, including her mother, Ruth, and uncle and aunt, the Lee Shipleys, were on hand when Joy garnered a degree from Howard, Friday. The Lion's Club will draw the usual score of Lincolnites to the Pennsylvania campus, beginning Sunday. W. A. C. Hughes, attorney, and Mrs. Hughes, Dr. and Mrs. Ted Phifer, Dr. and Mrs. Louis Harmon, Dr. and Mrs. Frank Cardozo, and Dr. and Mrs. Ulysses Bourne, are set for that affair. With the annual meeting of the Lincoln Auxiliary another feature, of course President Verna Gosnell will be there.

POT-POURRI

Sarah Spencer Washington of Atlantic City returned home Wednesday, after a fortnight with her niece, Verna Gosnell, here. Her daughter, Joan Washington, followed her on Friday. Velma McEwen, Urban League women's industrial secretary denied loud and long that she was the gal whose name turned up in marriage licenses issued, here, last week. Says, that anyway, the guy wouldn't be a New Yorker, but a Southern gentleman were such plans in the offing. I do hear that Charles Law, mortician, just divorced, and Mary Cater, of the Morgan State College faculty, have set the tenth for that specific date. And they do say that even earlier than that there is going to be a runnin' in the Divine Kingdom . . . that a photographer member has been collecting pictorial evidence.

As of last week, Mrs. Gilbert Banfield heads the board of the Northwest Clinic of Planned Parenthood. She succeeds Mrs. Maurice Adams.

Last week Helen Young dashed down from New York City long enough to put flowers on her mother's grave.

She had brunch with Elizabeth Marshall and her sister, Mae, and then went on to Washington to pick-up a former classmate at Freedmen's Hospital. From there she went to Williamsburg, Va. for a short visit there with friends. Mrs. Young is a former Baltimorean, but has been living in New York for the past 25 years with her husband, Dr. Ralph H. Young, formerly of Newport, R.I.

Dr. C. Everett Knox of this town, and of the Department of Research of the State Department, Washington, should be within the fold sometime next week, after a month's jaunt in the Dutch West Indies. Elsie Lemoin dashed down from New York for the holiday week end here and in Washington with the Calvin Ashes.

Dr. David French with a friend, Dr. D. Conway Gardner, both of Howard University, dined with the former's aunt, Mrs. Edward Wheatly, Friday. Incidentally, Dr. Wheatley (who gains the title this week) will be one of two nonwhite internes at Cleveland (O.) City Hospital. For the second time he has been invited by the Federated Scientific Biological Society of Experimentation to read a paper at their annual convention in Detroit, this month. He was so honored three years ago at the tender age of 23. He is the son of the late Mrs. Bertha Dickerson French, a former teacher in this city.

DATE DATA

If the social pickings were low, this week, they aren't scheduled to be so long. Come the 18th and Thirteen Incorporated will have a formal yacht party. Will be that a formal yacht party will be that
