Man Imprisoned, Paralyzed Foe

Pleading guilty to an assault upon a man who was paralyzed from the waist down from an ice pick stab, Freddie Henderson, 28, was sentenced Thursday to two years in the penitentiary.

Officer William H. Geghee told Judge John T. Tucker that he found Willie Marshall on the steps of 256 N. Exeter St. on Nov. 20 and that the man was unable to move himself.

Climax of Fist Fight

Through his attorney, Roy Bond, Henderson set forth that he stabbed Marshall in self defense when the man threatened him with a blue-handled knife.

Henderson said the stabbing occurred shortly after Marshall had knocked him unconscious in a dispute over a drink of wine.

Edgar Ewing to Head Baltimore Urban League

(Continued from Page 1)

The use of individual talents to advance democracy will not only assure civil rights for a few, but human rights for all, Mr. Hill declared, in urging a "rethinking" of democracy, so that its concept may proceed beyond the talking stage.

"We should have the desire, we should feel it our solemn duty to make some contribution to democracy," the Richmond attorney and councilman said, adding:

"Thus we can help spread these ideas essentially necessary to America if she would hold her rightful place in the world."

Attitude Inventory Needed

He spoke in favor of a "change of attitudes which requires that the white man constantly prove to the colored American his sincerity and his lack of prejudice.

Mr. Hill urged a self-inventory to eliminate emotion conditioning leading to the establisment of prejudices, and the realization of each individual's stake in applying principles of democracy to all problems.

League's Significance Cited

Mr. Garner cited the significance of the Urban League's achievements in American life.

He told how New Jersey's fair employment practices law was administered through the department of education, a procedure which he described as "a constructive approach."

In his remarks as presiding officer at the meeting, Mr. Hollander stressed the emphasis placed on job opportunities.

To this end the Urban League has strengthened its board by the addition of a number of key business men, he declared.

EDGAR EWING

New Board Member Named

A report of the nominating committee read by Mrs. G. Lake Imes, designated new members as follows:

For a two-year term ending Jan 1, 1951 — Frank Rhoad.

For a three-year term ending Jan 1, 1952 — Dr. Matthew Mistrese, Clifton R. Moore, Moses Rouse, M. M. Sant, Antonio Deckers, Cortland B. Brown, Mrs. Elizabeth Shipley, J. Arnett Prisby, Edward M. Skipper, David L. B. Fringer and Dwight Jacobus.

Retiring members of the board are Judge Allan J. Rhynhart, Howard H. Murphy, Mrs. Maude E. Williams, the Rev. Richard Baker and G. Cheston Carey.

Allen Reviews Highlight

Alexander J. Allen, local executive secretary, reviewed the highlights of the agency's 1948 achievements.

In the field of jobs and job training, new opportunities were opened in several major industries, a job clinic for students was held at the Maryland Training School for Girls.

In addition the league worked with committees and agencies urging action on the new Carver Vocational School.

The agency's health committee worked for the passage of the health loan to improve transportation to the Henryton Tuberculosis Sanatorium and to have the Baltimore City Medical Society to drop its color ban.

Active in Housing Field

The league has been active in studying housing needs and stimulating private home builders to consider the colored market; it has urged the provision of adequate recreational facilities.

Mr. Allen told how the education committee had worked for the admission of a colored student to St. John College in Annapolis and worked for the opening of the University of Maryland to all students.

To promote public understanding of its program, he said, the league, among other things, had sent staff members to speak before numerous groups, organized a Women's Guild and arranged radio programs and conferences.

The league has as its 1949 goal an 11-point program calling for advances in the previously mentioned fields, he pointed out.

Do you tell time by Baby?
At his feeding times, yes. He sounds off on the dot when a meal is due. But for the rest of your day, it's better to depend on electric clocks. With a baby in the house, it is surprising how much you depend on gas and electricity—to prepare and refrigerate his food, heat water for his bath and laundry, wash his clothes, and so on.
Of course, you depend on gas and electric service to help take the work out of your other household tool. Always ready, it lends a willing hand with heavy chores, provides comfort, ease and even entertainment. And best of all, you can depend on its economy—for what other item in your budget does so much for so little?

Illegally-Paid Vet Evades Jail Term

After being sentenced to jail for three months for refusing to repay the $347 he was convicted of illegally receiving under the GI Bill of Rights, Raymond W. Lee of 1207 Druid Hill Ave., reconsidered and decided to make restitution.

As a result of the belated decision made on March 4 a few hours after the trial, Assistant District Attorney Thomas P. Gray, prosecutor in the case, interceded and had Lee's Case re-opened.

Judge W. Calvin Chesnut then marked out the sentence and placed the defendant on probation pending restitution.

Working When Given Funds

The money was collected under the Service Men's Unemployment Compensation Law provisions while Lee was working, according to testimony at the trial.

Throughout the hearing Lee insisted he only deprived the government of $55, but Mr. Gray said the amount was $347.

Wife Ill, Veteran Says

The prosecutor based his estimate on a ruling that all funds collected under the GI Bill after a fraud has been committed, are illegally received and must be repaid.

Lee said his wife was confined to a local hospital and that it was necessary for him to be free to give her blood transfusions. He promised to repay the money in $30 monthly installments to be made to the court's probation department.

Broken Jaws End 4 Years of Beatings
Some people learn the hard way.
Everett Little of the 700 block of Wilmer Ct., according to court testimony by Miss Alberta Wallace, climaxed four years of beating her with a swift kick to the face that broke both jaws.
Following the assault, she said, she "had enough."
The latter incident occurred on Feb. 26. Miss Wallace of 923 Argle Ave., was confined to the hospital for several weeks for treatment.
With her jaws still swollen, she testified before Judge Thomas E. Fitzpatrick in Northwestern police court, that Little kicked her because she stayed out late one night.
Towering above her as she painfully told her story between clenched teeth, Little denied "ever striking the woman."
However, the magistrate cut short Little's chance for a "repeat performance" by committing him to the House of Correction for a year.

MILLIONS NOW USE CHEWING-GUM LAXATIVE
Amazing Laxative Action Detours the Stomach
● Medical authorities say that one reason why laxatives may upset you is that they irritate the stomach.
But FEEN-A-MINT, the delicious chewing-gum laxative, works in an entirely different way: The action of FEEN-A-MINT's special medicine actually detours the stomach. That is, it does not act while in the stomach, but only when farther along in the lower digestive tract . . . where it should! Thus, FEEN-A-MINT does not upset the stomach!
And scientists say chewing makes FEEN-A-MINT's fine medicine more effective—"readies" it so it flows gently, gradually into the system. You feel wonderful again quickly!
Try FEEN-A-MINT—at any 10¢ drug counter—25c, 50c, or only
