HAPPY FAMILY... Their 3-year-old triplets are growing up, sturdy and strong, on Pet Milk
The Pet Milk Photographer visits the ANDERSON BARNES FAMILY of Los Angeles, California
Bringing up triplets isn't such a hard job, when mother and daddy both share in the care of them—and Carnella and Anderson Barnes have divided the work ever since their triplets' birth on November 25, 1946. Now, with Sterling Jamison, Anna Elizabeth, and Mary Ellen in nursery school, Mrs. Barnes works full time as a social worker and Anderson, a mechanic, takes the children to school in the morning, picks them up at night.
Healthy, busy children now, the Barnes triplets were Pet Milk babies, still drink only Pet Milk—and love it! And Carnella Barnes knows that now, as in the days when her triplets were tiny, delicate babies, Pet Milk is the best kind of milk for them — yet costs less generally than ordinary milk!
Good Babies! The triplets have been happy, active babies on Pet Milk—recommended by their doctor a few days after birth because of its uniform richness, easy digestibility, safety!
Snack Time . . . Just home from nursery school, triplets enjoy Pet Milk and cake. Sterling largest at birth, is still tallest, heaviest.
Fun Time . . . Family spends most evenings watching television . . . Triplets are musically-inclined, love to sing.
Sleepy Time! School tomorrow, so it's early to bed for the Barnes triplets—who, like so many other youngsters growing up on Pet Milk, are well started on their way to sturdy, happy childhood.

When I attended high school in New York City"—says Mrs. Pierson—"Geography was my favorite subject. Perhaps that accounts for my love for traveling."
About a year ago, Johnnie Mae "just passed by" HENDIN'S! "The windows were so attractive—the fashions so outstandingly different that I just HAD to go in and look around! From that day on—I became a steady HENDIN patron. I've been in many cities—but I must say—there's no other store like HENDIN'S!"

I cut my milk bill by cooking with Carnation!
I use it for whipped toppings ...to save on cream!
"No other form of milk has so many uses!"
says FREDA C. DE KNIGHT, Food Editor of Ebony, and author of "A Date With a Dish"
Carnation Evaporated Milk is double-rich in whole milk food values—has the consistency of cream. Yet nothing is removed but water—nothing is added except Vitamin D.
1. USE IT LIKE CREAM—in coffee, on cereals, for whipped toppings and most cream recipes. Undiluted, Carnation is so rich and thick you can whip it!
2. FOR ALL MILK PURPOSES—just restore part of the water removed by evaporation. Diluted 50-50, Carnation exceeds all U.S. state standards for Grade A milk—costs far less!
