12 Children, 36 Grandchildren, 5 Greatgrands at Dorsey Party

Mr. and Mrs. Edward M. Dorsey, holding a reunion of the family at their Sykesville, Md. farm on Labor Day, entertained their 12 children, their sons and daughters-in-law, 36 grandchildren and 5 great grandchildren.

The children present included: Clifton, Everett, Russell, Thelma, Romulus, Vernon, Chester, Mae, Warren, Emerson, Catherine and Rosie. They brought along their wives, husbands and families. There were also Mrs. Dorsey's sister and brother-in-law, Mr. and Mrs. William H. Savoy. It made a total of sixty eight members in all.

The reunion took the form of a picnic. Each family brought a lunch. There were picnic tops worn of course. One could easily tell that each one came for a day of enjoyment and fun galore.

There were games for the old and young. Prizes were awarded the winners.

Winners for the children's games were Rose Marie, Joan Carol, Charles, Grayson, Eliza, Mae, Rosalie, Calvin and Carlton.

Winners for the grown-up games were Albert Young, Minnie, Warren, Emerson, Rosie, Chester, Betty, Delmar, Emerson, Vernon, and James Dorsey, also Harry Whiten.

Picnic lunches were cooked in an open fireplace outside of the house which made it more enjoyable.

A general get-together for pictures and future plans was also part of the program.

Mr. and Mrs. Dorsey have lived in Sykesville for more than forty years. Their home is on a forty eight acre farm about a half mile from the main village. People in the community have learned to know and respect the entire family.

WHEN SLEEP WON'T COME AND YOU FEEL GLUM

Use Chewing-Gum Laxative—REMOVES WASTE...NOT GOOD FOOD

● When you don't enjoy—feel just awful because you need a laxative—do as MILLIONS DO—chew FEEN-A-MINT.

FEEN-A-MINT is wonderfully different! Doctors say many other laxatives start their "finishing" action too soon...right in the stomach. Large doses of such laxatives upset digestion. Rush away nourishing food you need for health and energy...you feel weak, worn out.

But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that weak, tired feeling. Use FEEN-A-MINT and feel fine, full of life! 25c, 50c, or only 10c

Student's Luncheon Special

Nourishing "on-a-plate" special for the students in the house are these taste-satisfying salmon salad sandwiches on enriched white bread, with milk and devilled eggs.

Plan on popular sandwiches for a well-balanced luncheon at home or one that goes into a lunchbox. A variety of breads serve as carriers for substantial fillings of fish, meat or eggs, all protein-rich foods for body building.

Complete the lunchbox meal with a bottle of milk and a thermos of hot vegetable or tomato soup. You'll probably want to include cookies, jam-filled tarts or fruit for dessert.

Salmon salad sandwiches are a good addition to the parade of luncheon specials, for they are tasty and nourishing. Add a dash of pepper and desired crunch and color to the flaked salmon, while salad dressing makes the filling spreadable. Plain enriched bread is best with salmon salad, but raisin, cinnamon and other breads make other good sandwiches which provide essential B-vitamins and iron.

SALMON SALAD SANDWICHES

1 cup flaked salmon — 1 tablespoon chopped green pepper
½ cup chopped celery — 2 tablespoons salad dressing
Combine salmon, celery and green pepper. Add salad dressing and mix thoroughly. Use as filling for enriched bread. Makes one and one-half cups filling, enough for six sandwiches.

Fruits Take Top Honors as Housewives Check Best Buys

By VIRGINIA C. SHERBURNE
Food Economist

With the calendar turned to September, we know that fall is here again. This means a whole new schedule of activities—children back in school, fall sewing and cleaning, football games, cool weather and increased appetites. It also means an abundance of fresh fruit on the market counters.

Fruits again take top honors on the "best buy" list, according to Virginia C. Sherburne, Food Economists for the Baltimore office of the State Department of Markets. Peaches, watermelons, cantaloupes and apples are all abundant and low in price. Elbertas, Georgia Belles, J. H. Hales and White Hales are a few of the plentiful peach varieties.

Canning Tips

Elbertas and Hales are good varieties for canning or freezing. The Freezing procedure for peaches is very simple. Choose good quality fruit. Make a sirup with a ratio of one cup of sugar to 1½ cups of water or juice. The sirup may be made hot or cold, but must be cold before coming in contact with the fruit. Pour a small quantity of sirup into the freezer carton and add ¼ teaspoon of ascorbic acid, or vitamin C per pound or pint of peaches to prevent discoloration. Wash, peel and slice the peaches into the cold sirup quickly. Add sirup to cover, seal and freeze. A small piece of crumpled wax paper or cellophane placed on top of the peaches before sealing will hold them under the sirup.

Corn Good Buy

"Best buys" in vegetables this week include Maryland sweet corn, locally grown snap and lima beans, Maryland and New Jersey green peppers and eggplant from nearby. Eggplant is a newcomer to the economy list, and deserves added attention by the housewife. Prices are low, and the quality good. The methods of preparation are many and varied.

Pork prices are lower this week. With cooler weather here again pork loins are a good suggestion for the market basket. Beef and veal prices advanced slightly. Poultry is another good "buy." Sausage and bacon are reasonable in price.

Grade A small eggs are the most economical grade and size to buy.

Savory String Beans

Snap the green beans, cut in short pieces, and wash. Cook, uncovered, in boiling, salted water 20 to 25 minutes, or until tender. Drain, reserving liquid. Chop 3 strips of bacon and saute until lightly browned. Add ¼ cup bean liquid, 2 tablespoons vinegar, and and rinse thoroughly. Use as filling for enriched bread. Makes one and one-half cups filling, enough for six sandwiches.

Blueberries in Stella Role As Glamour Breakfast Treat

Blueberries are most often used in a pie, but there are many happy combinations of this tart berry with vitamin-enriched flour. For instance, there is the unusual blueberry-coffee-cake pictured, a berry cake that no man can resist, or woman either!

Because the batter is combined by the quick muffin method, blueberry wedges are a pleasure for the home cook to make. She can be pleased, too, with the good nutrition this enriched sweet bread provides.

Blueberry coffee cake can bring its good taste and B-vitamins and iron to almost any breakfast menu, but here is just one: chilled melon, scrambled eggs or French omelet, quick blueberry coffee cake, coffee or milk.

Occasionally include blueberry wedges and other sweet breads at luncheon for—they are enjoyable with salads and many luncheon dishes. Salad plates might include grated carrot and pineapple salad, cherry gelatin mold, deviled eggs and a fluff of cream cheese, sprinkled with chopped walnuts. The perfect complement for such a meal is warm blueberry coffee cake served with butter or margarine and glasses of iced tea or coffee.

QUICK BLUEBERRY COFFEE CAKE

1½ cups sifted enriched flour
½ cup sugar
2 teaspoons baking powder
1 teaspoon salt
1 egg
½ to ¾ cup milk
3 tablespoons melted shortening
2 cups flour
¼ cup sugar
Additional blueberries

Sift together flour, ¼ cup sugar, baking powder and salt. Beat egg. Add milk and shortening. Stir into flour mixture, mixing until batter is smooth. Stir in 1¼ cups blueberries. Pour into greased 9-inch layer pan. Arrange remaining ¾ cup blueberries over batter in a circle. Sprinkle ¼ cup sugar over coffee cake. Bake in moderately hot oven (400° F.) 25 minutes. When coffee cake is baked, cut in wedges, pull apart, retaining the circular shape and garnish with additional berries. Makes one 9-inch coffee cake.

Quick Blueberry Wedges

Here is a coffee cake to please those who like lots of berry flavor in their breads. Fresh blueberries are generously distributed in, atop, and between wedges of this quick coffee cake.

Parents Cautioned About Lead Poisoning

Noting that all 23 cases of lead poisoning recorded this year have occurred to colored children, this week the City Health Department urged colored parents "to be more attentive of their children's activities."

The death of a three-year-old child from lead poisoning was recorded in the Department's statistical report for the week ending Aug. 31. It is the second fatality this year resulting from lead poisoning.

Eating or chewing lead painted surfaces of either wood, plaster or brick, the report said, is the usual cause of the type of lead poisoning that prevails in Baltimore.

"If parents are watchful," the report continued, "they may prevent this serious illness which causes permanent damage to the child's health.

The Department also reported two cases of diptheria in children, three to six years old, one case of meningitis in a two-year-old child, and 11 cases of polio.

Of a total of 539 persons born in Baltimore last week, 131 were colored. There were 53 colored deaths out of a total of 224.
