Club Women to Coach on Wise Voting

Pointing out that it is every woman's duty to vote—and to vote wisely, the Maryland League of Women's Clubs will hold a coaching session at the Madison Avenue YWCA, Saturday at 1 p.m.

Plans for the two-hour session include hearing facts on issues to be voted upon in the election, distribution of materials and meeting candidates.

Registration will begin at 1 p.m. and will be followed by luncheon and the program.

The meeting is being sponsored by the legislative committee of which Mrs. Vera School is chairman. Mrs. Alice B. Carrington is president of the League.

DAHLIA — The club met with Mrs. M. Chester of 534 N. Bond St., this week, and completed plans for a Thanksgiving party on the 11th at 614 N. Bond St.

Masculine Contingent Approves

In true masculine fashion, Albert Banks Jr and Thomas Hooper beam approval as Marsha Jordan cuts her birthday cake at a party attended by a hundred guests at the home of her parents, Mr. and Mrs. Stanley Jordan in Baltimore.

Marsha Jordan Marks Birthday

A high week for the Marshall family concluded with a gala party marking the sixth birthday of Marsha-Carolyn Jordan, at the home of her parents, Mr. and Mrs. Stanley Jordan, 2010 N. Bentalou St., Sunday.

NEW EYES FOR TELEVISION

"The miracle of television—seeing life actually going on at a distance—has suddenly found a new eye. This eye is called the "Image Orthicon", and with it television can pick up and send into our homes delicate details of scenes that we ourselves could see if we were on the spot. The image orthicon is a complicated new electronic tube, so powerful, yet so supersensitive that it can "see" a roomful of people illuminated by a single candle. It can pick up the contours of a face lighted by the glow of a cigarette. It can even picture objects in a totally dark room, using the heat they give out instead of light.

What will this new eye do for television? Compare it for a moment with the older type of electronic eye. Scenes to be televised have always had to have tremendous brilliance; plays to be sent over the air had to be small, simple bits of action on small stages flooded with light. Actors had to dress in strong contrasting colors. And even so, the effects were far from natural. But all that is history now. When you buy your new television set in a few months, you will pick up programs that have the same wealth of subject and action that you are accustomed to find on the movie screen. The image orthicon will make this possible.

You will see life as it is, because science has found a way to transport the human eye and the marvels of natural vision, to any point on the globe.

●

Television promises a whole new era in home entertainment.

But whether or not we are going to get the fullest enjoyment out of it depends mainly on our eyes. With faulty eyesight, all seeing tasks, whether at home, in the office or the factory become obstacles—obstacles to enjoyment, to health and success.

That is why we should never let our eyesight become anything less than perfect. And we can make it perfect, because the finest professional counsel, care, and scientific skills are available to us to help us.

And with flawless eyesight, we will discover that a whole new world of happier living opens up for us—happier living, healthier living, more successful living. For the world is ours through our eyes.

Basic Recipe, Imagination, Add to Variety of Cookies

Now is the time to begin thinking of cookies for the holidays. Choose a good basic recipe and use your imagination . . . go on from there.

Basic Drop Cookie Dough

2 cups sifted flour
2 teaspoons baking powder
teaspoon salt
cup lard
cup sugar
teaspoon vanilla
egg
cup milk

Salt together flour, baking powder and salt. Cream lard and beat in sugar, vanilla and egg. Add dry ingredients and milk alternately to creamed mixture and beat after each addition until smooth. Coconut Charmers

Add 1 cup coconut.

Still other variations are these:

Lemon Heavens

Cream 2 teaspoons grated lemon rind into lard before adding sugar in basic recipe.

Chocolate Drops

Fold into dough 1 square of unsweetened chocolate which has been coarsely grated.

Spice Tempters

Omit vanilla in basic recipe and sift ¾ teaspoon each cinnamon, allspice and cloves with dry ingredients.

Try Lamb Kidneys Cooked in Wine

"Lamb Kidneys with Wine," is a delicacy that one could not resist. Split eight lamb kidneys lengthwise, and remove all fibers and skin. Soak in cold water for an hour, changing the water several times.

Heat three tablespoons butter in a saucepan, add two chopped shallots, one slice of garlic, and one carrot. Let brown slightly. Add one tablespoon flour, brown a little more then pour in one cup stock, and half cup of red wine.

Add more seasoning of one small piece of celery, a pinch of thyme, a small bouquet of parsley, and salt and pepper to taste. When boiling, put in the well-drained kidneys. Place them on a small hot dish, strain the sauce, and pour it over them. Serve on triangles of toast, fried in butter.
