All-Stars Host Hoboes, Monarchs

A three-team double-header featuring Yokely's Baltimore All Stars, will be the local diamond attraction at Westport Stadium Sunday, beginning at 2 p.m.

The All Stars, working on a season's record of 14 wins against five defeats, will tangle with the colorful Hoboes, one of the oldest and best-known traveling semi-pro nines in the country.

Shore Champs On Card

These clubs clash in the opening of the bargain bill, with the winner meeting the Kent Monarchs in the nightcap. The latter hold the undisputed championship of the Eastern Shore of Maryland, and have been clamoring for a game with the busy All Stars.

Grays, Philly Stars Coming

Unbeaten Herb Simmons will take the mound for the local forces against the Hoboes.

On next Sunday (Aug. 10), the All Stars are back with the Homestead Grays in a Westport doubleheader. In their last meeting, the two rivals split a pair of games, the Stars taking the opener, 6-2, beating Sam Bankhead, and dropping the nightcap by a margin of 5-7.

The management of the All Stars announced late this week that a booking with the Philadelphia Stars, of the Negro American League, has been completed for Sept. 7, at Westport.

Majors Sign Two Tan Schoolboys

BROOKLYN — The Brooklyn Dodgers and the Chicago White Sox announced the signing of two young high school players over the week end.

The Dodgers inked 18-year-old Bob Coles, righthanded pitching ace of the Oyster Bay (L.I.) High School nine during the past season. Coles, winner of the 1952 "most valuable player" contest, sponsored by the N.Y. World Telegram and Sun Newspaper, made the last Western trip with the Brooks.

Although a bonus consideration was involved, amount of the cash paid to the lad was not disclosed.

At the same time of the Brooklyn announcement, the White Sox revealed in Chicago that they had tendered a 1952 contract to Rick Ard. Lewis, 18, a catcher from Northern High School, Detroit, Mich.

Ringside AC Club To Feature First Fight Card Tonight

On the eve of their first presentation, the Ringside Athletic Club announced Thursday, a change in one of their scheduled events tonight at Westport Stadium.

Due to the change in plans at the request of "Uncle Sam," Elmer Barksdale, will not meet Jimmie Cooper as originally scheduled.

According to Gilbert Sdieman, and Tony Enzenga, Barksdale has been ordered to report to the Army for induction.

In place of the scheduled bout, the club will feature Mendo's pride and joy, Paul Esqueda, in a 10-round bout against Carl Coates.

For the past few weeks, Esqueda has been in training at Stillman's Gymn in New York. Friday's appearance at Westport will mark his first bout on the East Coast.

His opponent, Coates, has been training at the Ringside club.

The change in plans will in no way alter the scheduled bout between Jesse Manigol and Al Schlimm.

A product of the Northwestern Police Boy's Club, Manigol is expected to live up to an impressive reputation made over the past few months.

Presale tickets have indicated an attendance of approximately 5,000 fans. Additional bouts have been scheduled for the months of September and October.

Plans are now under way to feature boxing fighting centers in the country.

The first bout is scheduled to get underway at 8:30.

The start of the Friday night fight card will be the first efforts on the part of the new promoters, to make Baltimore one of the leading Ringside Club presentation will feature Baltimore's favorite Burt Whitehurst.

Jr. Olympics To Open

The first of two finals for the 1952 Junior Olympics is scheduled to open on Saturday at Clifton Park.

The event, presented under the sponsorship of the Baltimore Exchange Club, will feature five participants from the Chick Webb Center.

Approximately three others filed entrance blanks recently through the city recreation department.

Colored participants are expected to take part in the three featured divisions; junior, senior, and Pee Wee Division.

Competition in track and field has been provided at four age levels. In order to win a berth on the team a participant must win a first, second or third place.

Gold Junior Olympic medals, and cloth emblems will be awarded to entrants who place on the SAA team. National honors are also possible.

On The Limb

PHILADELPHIA — (NNPA)— There are increasing indications that Sugar Ray Robinson will forego his proposed trip to Tel Aviv next month — and he may be singing his swan song to boxing altogether although it is being hinted about that the IBC would love dearly to put on a re-match with Maxim in September at Chicago. They also are interested in signing him to meet Bobby Dykes whose stock went up after his showing against Gavilan Last Winter in Miami.

Speaking of the 'Keed', his title defense against Billy Graham is just about set for Havana, October 4th.

Remember the blast that NY Commissioner Christenberry put on Maxim and a few of the others? Toledo businessmen have notified that they are willing to underwrite a guarantee of $100 grand to have the champ meet Archie Moore there.

I hear, also, that IBC will not permit JJW to meet Jimmy Bivins in Miami in a ten-round no-decision matching which Bivins' only chance to win the title would be to kayo the 'old man.' He may get Charles in Pittsburgh for the Dapper Dan Fund.

Charles, by-the-way, figures to get about $20,000 for his meeting with Rex Layne at Ogden, Utah on August 8. Auld local lad Harold Johnson is training at Laoma Byrd's Capp in Pleasantville, for his August 6 meeting with Bob Satterfield in Chicago's Stadium.

Just attended the annual Pennsylvania Open Tennis Tourney and while I saw a lot of good tennis and ran into a lot of old acquaintances, there were several disturbing elements that arose.

For instance, the mixed doubles match which was to pit Althea Gibson and Dr. R. W. "Whirlwind" Johnson of Lynchburg in the finals against John Chandler and Ethel Freeman, never did come off — and why? 'Cause the "Whirlwind" was playing in a second tournament which was being held in Maplewood, N.J. which is NOT just around the corner.

With Sunday driving what it is I wonder who he figured to make it back here in time — and in good enough shape — to give the cash customers what they deserved for their money. To say nothing of the way he let his partner down.

The other disquieting rumor is that the top gal in the singles competition is suffering a bit from large-headedness. I hope that this item is untrue because as a tennis player Miss Gibson has done a lot to help promote us and if she, or any one else who is in the position which she holds, gets too big for criticism—Heaven help us.

Back With Bang

Brooklyn catcher Roy Campanella returned to the lineup Wednesday night and cracked out a ninth-inning home-run to tie the score, 3-3, and give the Dodgers the life they needed to go on and defeat the Pittsburgh Pirates, 4-3, in ten innings. The victory snapped an 8-game losing streak of the national League leaders. Campy had been idle for ten days on account of a broken finger prior to Wednesday's contest at Ebbets Field.

Second Best Athlete In The World In Action

Eighteen-year-old Milton Campbell, of Plainfield High School, Plainfield, N.J., is shown acting out the part which earned him recognition as the second best all-round athlete in the world at the Olympic Games in Helsinki. Young Campbell, the baby of the American Olympic squad, finished second in the decathlon competition, which pits the world's top athletes against one another in ten different events. Winner was Campbell's white teammate, Bob Mathias, winner of the event in the 1948 Olympics at London. At left, Campbell heaves the javelin. Center panel shows him clearing the bar in the pole vault, and at right he puts his all in the discus throw. The Garden State schoolboy compiled a total of 6,975 points.

STEWART EATS DIRT AT OLYMPIC:

US Girls Thrill Helsinki; Rhoden, Jamaicans Win

By OLLIE STEWART

HELSINKI, Finland — Sunday (the last day of track and field events) was the day in which the USA garnered its 15th gold medal, and made a fourth clean sweep of an Olympic event.

Bob Mathias, Milton Campbell and Floyd Simmons finished one-two-three in the decathlon — to follow in the footsteps of O'Brien, Hooper and Fuchs, in the shot put, Stanfield, Baker and Gathers in the 200 meters and Dillard, Davis and Barnard, in the 110 meters hurdles.

But the story of Sunday belongs to the girls, Lord bless 'em. Nothing can equal for sheer drama the feat of three colored girls and one white one in the 4 x 100-meter relay race. They not only established a new world record, but ran the vaunted Australians into the ground.

Covered Selves With Glory

It must be recorded that the Aussie girls dropped their baton and lost valuable ground, but this does not detract from the fact that Mae Faggs, Mabel Landry, Catherine Hardy and Janet Moreaw covered themselves with glory when they took advantage of the situation.

The fact that they won is what had people looking at each other with mouths hanging open. The fact that they shattered a record almost passed unnoticed.

They were superb. And I at dirt. I am glad to eat dirt. For I have written from this wet, cold city that our girls didn't have a chance — and I am ashamed of myself. They brought from a surprised crowd, a capacity crowd, the most prolonged cheers of the day.

Sunday, we heard the Star Spangled Banner again three times. The first time for Mathias and Campbell and Simmons, for the victory in the decathlon. The second time for our unbeatable four girls in the 4 x 100 relay and the third time for a terrific quartet which won the 4 x 100 relay for men.

World's Four Fastest Humans

I give you the four fastest humans in the world — Floyd Smith, Harrison Dillard, Lindy Remigino and Andy Stanfield.

They won for the USA as expected, beating the Russians (who were second) and a Hungarian team. Great Britain and Canada, early favoriers, weren't in the running. The only reason the Americans didn't set a new record is because they weren't pressed.

Andy Stanfield had the race won when he took the baton from Remigino. All he had to do was stay on his feet and keep the advantage given him.

Then came the 4 x 400 relay, with Jamaica fielding the three best quarter - milers in the world — Wint, McKenley and Rhoded, with Laing running the fourth leg. Everybody knew that the race was between the Americans (Matson, Cole, Moore and Whitfield), and Jamaicans and most pre-race opinion favored Jamaica.

Jamaica Won, As Expected

Well, Jamaica won, as expected — but the race was close enough to have those in the crowd beating themselves on the head with programs and just about tearing down the stands. It was the close. Actually, Herb McKenley won for Jamaica — or should we say that Moore lost for the Americans?

Wint and Matson started for Jamaica and the USA and both were clocked in 46.8 seconds. Cole topped Laing, 46.4 to 46.6, giving the USA an advantage. Then Moore ran a 46.4 lap against McKenley's 45.1 — and there went the advantage and the race. Whitfield matched strides and fine with Rhoden, but the damage was already done.

No quarter - miler in the world can give Rhoden a 7 - second advantage and beat him.

U. S. Finishes Second

Whitfield ran as well as Rhoden — but Moore handed him the baton 7 seconds after McKenley had handed over to Rhoden — and the USA finished second. Moore's weakness or McKenley's greatness, made the difference. But it was a great moment for McKenley, say what you will.

After being on the Olympic stand twice before and receiving a silver medal (in the 100 meters and the 400 meters), he at last had a chance to take home a piece of gold. For his sake, most people were glad that Jamaica won.

A youth named Theodore Corbitt ran in the marathon and finished 20th. He's a graduate of the U. of Cincinnati and has a master's from NYU. He's married and has spent two years in the Air Force on Okinawa and Guam.

Czech Wins Gold Medal

The marathon was the race that gave the amazing Zatopek his third gold medal. What an ovation this Czech got when he entered the stadium after running 25 miles!

He had previously won the 5,000 meters, the 10,000 meters—and now he closed the track and field events with a record-smashing victory in the marathon. He is little and runs against all the rules, but for distances you have to see him to believe he is real.

As a team, the USA has been the star of the stadium in the 1952 Olympics.

As an individual, Zatopek has been the star, summum bonum, cum laude and what have you. And I stick my neck out again to say that it will be a long, long time before one man wins within a week the races that Zatopek won during the Helsinki Olympics!

Mound Duel Looms For East-West Go

By FAY YOUNG

CHICAGO (ANP) —What looms as a real pitcher's battle is likely to materialize in the coming 20th annual East-West game at Comiskey park here on Sunday afternoon, Aug. 17.

And what happens to pitchers when men who bat over .300 face them is exactly what may happen in the Negro American League's all star game. Last year, the East won for the first time in three years. The score was 3 to 1, although the West leads in games won 11 to 8. The East this year will throw everything but the water bucket in this game.

From the votes pouring into NAL headquarters, only two players from last year's ill-fated West nine will be on the squad this year. They are Gilbert Varona, first baseman for the Memphis Red Sox, and, if the fans have their way, "Long Tom" Cooper, who can play any position on the diamond.

Kimbro Safe

Henry Kimbro, Birmingham outfielder who passed his teammate Eddie Brooks, second sacker, to grab the lead last week only to yield it to Chicago's shortstop, Lawrence Rained, this week; Wesley Dennis, Birmingham first sacker; Jim Tugerson, pitcher; Ray Neil, second baseman, and Buster Haywood, catcher, all three from the Indianapolis Clowns, will again be on the East squad. All, except Brooks played in the 1951 classic.

Raines is being pushed by Sherman Wafrous, hard - hitting outfielder and a sure starter for the West, Memphis Red Sox player who leads the league in total bases with 132, has hit six triples, 17 home runs and has batted in 51 runs. There are only 50 votes separating the two players and Raines still clings to the lead by that margin.

19 Hit Over .300

Nineteen players high in the voting to play in this 1952 classic have a batting percentage of more than .300. Jimmy Jones, Philadelphia outfielder, is leading the league batting with .363 but hasn't caught the eye of the fans who have fell for Kimbro, Henry Merchant and Jimmy Wilkes, the last two belonging to the Indianapolis Clowns. Merchant is not in the charmed circle but is speedy and can field excellently. Perhaps Wilkes' popularity comes from the fact that he has 33 stolen bases to his credit this season.

The East has two valuable men back again this year. Both Dennis and Kimbro got one hit apiece in the 10-hit barrage the East laid down against the three West hurlers. In the league official record this year both Kimbro and Dennis have 67 hits each. Henry leads in number of doubles with 18.

TEN HIGH is back in Maryland's spotlight!

2 good reasons why you'll double your enjoyment

1. Slow Barm makes it richer. Barm is the old-time name for whiskey mash. Hiram Walker slows the barm — keeps it cool — to give every drop of Ten High a robust, hearty richness.

2. High-Light Distilling makes it smoother. Hiram Walker specializes in light-bodied whiskeys. Ten High is distilled at the right proof to give each sip a smiling smoothness.
