"EASY DOES IT"

By Mrs. Helen Hale

FRUIT AND BERRY stains can usually be removed if treated them immediately. Soap on washable materials will set the stain, so sponge with cool water. Chlorine bleach may be used, followed by rinsing well or pouring water from a height of 3 or 4 feet.

On fine or colored fabrics with berry or fruit stains, use glycerine or soapless shampoo, rubbing lightly. Let stand for a few hours, then apply a few drops of vinegar for a minute or two. Rinse well.

RECIPE OF THE WEEK
Rhubarb-Strawberry Jell
(Serves 8)
2 cups diced rhubarb
1 cup sliced strawberries
¼ cup water
1 cup water
¾ cup sugar
2 cups sifted flour
½ teaspoon salt
4 teaspoons baking powder
½ cup shortening
2/3 cup milk
1 egg, beaten

Sweeten rhubarb and strawberries with the ¾ cup sugar. Place water and ¾ cup sugar in a pan full inches. Cook 5 minutes. Sift together flour, salt and baking powder. Cut in shortening. Add milk and egg stirring only until well blended. Roll on floured board to 1/3-inch thickness. Spread with fruits. Roll. Cut in 1-inch slices: place in hot syrup. Bake for 25 minutes in hot (450 degree F.) oven. Serve warm with cream.

Non-washable fabrics with fruit and berry stains may be sponged carefully with cool water. Follow this with a sponging with 10 per cent acetic acid solution.

Egg stains are fairly common, but their treatment is simple. Scrape away as much of the egg as possible with a dull knife, then sponge with cold water. If stain still remains sprinkle with pepsin powder. Work in and let stand for half an hour. Rinse thoroughly. Use the same treatment on all fabrics.

Rust is a common stain and often causes much distress. For cottons repeated treatments of boiling water poured on the material stretched over a pan, followed by lemon juice on the stain, rinsing and then keeping in the sun to dry will yield results.

Silverware Needs Special Washing

If your silverware is washed promptly and properly after each use, you'll find that it will seldom need polishing, says Helen Irene Smith, home management specialist of the University of Maryland Extension Service.

Special care should be taken, adds Miss Smith, to keep the knives, forks, and spoons from jumbling together in the sink or dishpan, for deep scratches may be the result.

Silverware should be washed in hot sudsy water to remove all food and grease, then rinsed in clear hot water. Miss Smith advises using a soft absorbent tea towel to dry the silver.

Use Insecticides With Caution

Medical authorities continue to warn that insecticides should be handled as carefully as any poisonous substances.

The hands should be washed thoroughly with soap and water after using insecticides containing lindane. That advice should be followed even if gloves are worn—and the gloves should be washed out in hot soapsuds also.

It is good to keep these things in mind in packing the school lunch box. Here, then, are a few basic rules to remember

1. Make the sandwiches of whole-grain or enriched breads with moist, appetizing fillings that are high in protein. Here are a few suggestions sliced boiled eggs, peanut butter, sliced cold meat loaf, tuna or salmon salad, leftover meat salad, sliced liverwurst or corned beef.

2. Include carrot or celery strips or celery cut up in the sandwich fillings frequently, because of their vitamins and minerals.

3. Fruit also supplies vitamins and minerals and should be included, preferable raw.

4. A drink made with milk should be included, of course, because of high mineral and vitamin content and vitamin content.

5. Remember that sweets, such as Raisin Bran Molasses Cookies or Bran Fruit Squares, are not only sure to make a bit with youngsters but provide a welcome and nutritious "surprise" feature.

So here are two recipes you will surely want to try. The Bran Fruit Squares pictured are a sort of candy made with bran flakes, raisins, figs and dates—all high in health - giving qualities. They are as healthy a sweet as you can ever include, to provide the finishing touch to the well-planned school lunch.

¾ cup chopped dried figs

HAPPY FAMILY...

They have a good life together, have better food at lower cost with Pet Milk.

The Pet Milk Photographer Visits The BENSON L. DUTTON FAMILY of Nashville, Tennessee

Evenings and week-ends at home together are the best times of all for the busy Duttons. With the two older children in school all day, and Benson busy in his work as Head of the Engineering Division of Tennessee A & I State College, they look forward to the time shared with mother, grandmother, and little Michael. But in spite of full schedules, both Benson and Jo find time for important civic and social activities—and church work.

From the time that 12-year-old Marie was born, the Duttons have been a Pet Milk family. All three children were Pet Milk babies, still enjoy Pet Milk in the good things to eat that mother prepares for them. And Josephine Dutton says that Pet Evaporated Milk is a real help in giving her active family better food at lower cost . . . it costs less generally than any other form of whole milk!

"All Together!" 3-year-old Michael, Benson, Jr., 8, and Marie share many activities in spite of age difference. Boys enjoy singing while sister plays the piano—like to listen, too! While Nashville means home to them now, Marie was born in Pennsylvania, Benson, Jr. in Virginia, Michael in Tennessee.

"Hold Tight, Now!" Michael gets set for a fast drive — power provided free by big brother. Lively, sturdy, and "all boy," Benson, Jr. is an Altar Boy at Holy Trinity Church on Sunday—and loves it!

"Just Like This!" Marie's a serious student —especially when it comes to learning how to make one of those good whipped Pet Milk desserts. And she has a good teacher, according to the rest of the family!

He Pats Woman, Gets Probation

A 27-year-old man received 18-months probation on condition that he "pat" only his wife, Southern police court, Sunday morning.

Herman Phillips, 800 block W. Fayette st., was accused by Miss Audrey Folkes, 100 block Henrietta st., of "patting" her as she walked past him.

When she remonstrated with the man, he hit her, the woman testified.

Wife Makes Plea

When Magistrate Avrum K. Rifman indicated he was going to impose a 30-day jail sentence, Phillips' wife strode to the bench and asked leniency for her mate.

When the magistrate asked why Phillips didn't confine his "patting" to her, Mrs. Phillips replied: "I wish he would. It would save us money."

Magistrate Rifman heeded the wife's plea and imposed the conditional probation.

Three Who Struck Wives Get Breaks

Three men, accused of beating their wives, got off pretty easy Sunday morning in Northwestern Police Court, although Magistrate E. Everett Lane did call one "one of the meanest men ever to appear before me."

The gent who qualified for this dubious distinction was Linwood Perkins, 30, 1800 block W. Lanvale st. He got off with a sentence of $25 and costs, mainly because his wife said she have two children.

Mrs. Delores Perkins told the magistrate that around 6:45 a.m. Sunday she heard her husband come in the house with another girl. When she bredered the girl out of her house she said her husband struck her.

Uncle's Friend

Perkins offered the lame excuse that the other girl was a friend of his uncle's and he was only sitting with her behind a closed door until said uncle arrived home.

In a second case Thomas Stone, 30, 800 block Pennsylvania ave. was handed a $50 and costs suspended sentence for striking his wife Mrs. Mary Stone Saturday night.

Stone got off with a warning, however, not to show up again. Seems he was given three months in the House of Correction once before by Magistrate Lane for the same offense.

In the third case, Charles Brady, 32, 600 block George st., was fined $25 and costs for throwing an ash tray at his wife, Mrs. Susie Brady Saturday night. He was also fined $15 and costs for disorderly conduct but the sentence was suspended when he agreed not to bother his wife again.

About 1,600 AFRO newsboys in Baltimore, Washington, Philadelphia, New Jersey and Richmond, Va., will be among the quarter of a million newspaper carriers who will deliver a special sales appeal for the new Series E Defense Bonds on Newspaperboy Day, Oct. 4.

Good Citizenship

Secretary Snyder referred to the newsboys' project to carry the bond sales appeal into 12,000,000 American homes as "a magnificent demonstration of good citizenship."

Declared Mr. Snyder:

"Newspaperboys and circulation managers have comprised a most effective team of volunteers in the bond program for 11 years. The fact that over 250,000 newspaperboys will participate in this year's bond-selling effort is an example of practical patriotism which should inspire all adult Americans."
