Christmas Cards Can Be Thrifty
For thrift and fun make your own cards this Christmas.
To add that personal touch to handmade cards use snapshots of home, the family group around the fireplace or pictures of your hobby.
For help in planning your project consult your camera shop or photographer.
Doodlers in pen and ink draw sages. Finished product may be engraved and then printed on your choice of sparkling paper.
For those who hesitate to bother with the more artistic designs, cards may be created from colored stickers, tinsel, paper, doilies and similar dimestore items.

Saint Nick Shown In 1860 Drawing
The familiar figure of Santa Claus as recognized today, was first drawn in 1860 by an artist named Nast to illustrate Clark Moore's poem "The Night Before Christmas."
The drawing which Nast made to illustrate the poem, also featured for the first time Saint Nick's sleigh, reindeer and a pack
