Rallies at New Shiloh raise total of $2,000

The annual women's and men's day rallies of New Shiloh Baptist church in Turner Station were culminated Sunday in three services.

This year, the two annual days were sponsored jointly and conducted in the form of a contest between the women who were led by Mrs. E. S. McDaniel and Mrs. Mary Dean Watson, and the men who were led by Mr. Manuel Lewis.

The morning services were in charge of the women, who sponsored a panoramic view of the twelve tribes of Israel, narrated by Mrs. McDaniel, and assisted by twelve captains.

The Tribes of Israel

The evening services were under the auspices of the men who presented a musical program.

The night services revealed the success of the efforts put forth by both groups over a period of approximately five months.

The women were the victors reporting $1,111.46, and the men followed up with $907.37, netting a total of $2,018.83.

The Rev. James A. Everett is pastor.

Do CRAMPS give you that monthly look?

Why let 'em take away "normal" show in your face?

Does your mirror show an older-looking, worn-out, nervous face during your "bad days?" Why let men see that you are suffering from monthly cramps? Try a little Cardui each day as thousands of women do. Let it help build strength and resistance so you have less and less misery each month. Some go through periods without feeling anything much. Cardui may help your entire nervous system—sleep better. Look, feel, act younger, more normal all month. Ask for Cardui. (Buy "cord-grasps").

NERVOUS STOMACH

The doctors call it "gastric neurosis." They say that many men and women suffer from the distressing symptoms of this condition—the feeling of heaviness after meals, belching, bloating and colic pains due to gas in stomach and intestines. All the sufferer does is take two ALLIMIN Garlic Tablets after meals when needed. ALLIMIN was tested clinically by a group of eminent physicians who found it highly effective for the relief of the distressing symptoms of nervous stomach. More than 4 billion ALLIMIN Tablets have been used to date. Your money back if ALLIMIN doesn't give you the relief you yourself expect.

Look at future advised by Howard U. professor

Advice to "see where we are going from here," was given Baltimore Frontiersmen Tuesday by Dr. William M. Cobb, head of the department of anatomy at Howard University and editor of the National Medical Association Journal.

Dr. Cobb, guest speaker at the club's weekly luncheon, declared:

"Now that the great integration movement is rolling, it is well for us to see where we are and where we are going from here."

Comparing colored Americans' advancement with that of an army attacking an objective and then facing the problem of occupation, Dr. Cobb said:

"On the integration front, we have secured various strategic footholds."

He added that "it would be profitable for us to assume more objectivity about ourselves."

Dr. Cobb gave an outline of Jewish history as an example of a people's achievement by planning.

"It is only when you have a mass assault upon the higher levels of endeavor that you will get to the top," he said.

Dr. Cobb forecast a change of scenery as colored Americans are integrated, and the dropping of "old protests about opportunity.

"We must begin again," he said, "as integration progresses, to discard the weapons and methods of protest."

Dr. Cobb concluded that "changes are only made by people who work for them and cultures are no different from other things."
