Cooper to ask dismissal of perjury charges

No plea was entered when Leroy Cooper, attorney and civil defense official, was arraigned in Criminal Court this week on perjury charges connected with a divorce case.

Instead, Ernest L. Perkins of the Douglass, Murray and Perkins law firm defending the attorney, announced that motions will be filed with the Criminal Court clerk asking for dismissal of the grand jury indictment.

Details as to the basis for the motions are now being worked out.

False Residence

Free on $1,000 bond, Mr. Cooper is accused of urging a Brooklyn, N.Y. man to give false testimony as to his Baltimore residence when applying for a Baltimore divorce.

The law requires that persons seeking a Baltimore divorce must be legal residents of the state for at least one year.

However in applying for divorce from Mrs. Florence Harrell, Winfred Harrell gave not a Brooklyn address, but the address of a brother, Jack Harrell who lives in the 100 block N. Smallwood st.

Because of this, the Harrell brothers are now under indictment for perjury. They have not been arraigned as yet.

State-wide mailing of Yule seals to begin Nov. 16

The 1953 Christmas seal sale of the Maryland Tuberculosis Association will open officially on Monday, Nov. 16, when thousands of Baltimoreans receive their sheets of brightly colored Christmas Seals.

In making this announcement Monday, Dr. Russell A. Nelson, president of the Maryland Tuberculosis Association, stated that while no goal has been set for the campaign in Baltimore, it is hoped that the 1952 campaign total of $47,349.85 will be exceeded this year.

The Christmas Seal Sale will end on Christmas Day.

Beginning simultaneously with the opening of the Christmas seal sale in Baltimore City, will be the campaigns conducted throughout the state by the local county tuberculosis associations which are affiliates of the Maryland Tuberculosis Association.

During last year's campaign, these associations raised $366,078.60 for tuberculosis work. This sum plus that raised in Baltimore amounted to $413,428.45, the largest amount of money ever raised in Maryland during a Christmas seal sale.

No Goals Set

In keeping with the policy of the National Tuberculosis Association established several years ago because of inequities in setting such goals, no goals are set either by the National Tuberculosis Association for state associations or by the Maryland Tuberculosis Association for the county associations.

Tuberculosis is one of Maryland's major health problems. In 1952, 637 Marylanders, of which 416 were Baltimoreans, died of TB. Another 2,682 (1,493 of these were Baltimoreans) were discovered.

Add to this an estimated several thousand Marylanders who have TB but do not know they are sick, and the seriousness of this problem is multiplied many times.

Fire officials search for masks

Fire department officials are conducting a checkup of novelty and toy stores throughout the city in a sea chr flimabaenu imol in a search for inflammable Halloween masks.

Parents are warned to closely examine newly purchased masks or costumes.

Deputy Chief Frank Trenner, head of the Fire Department's fire prevention bureau, said the search was ordered to determine whether any masks or costumes with incendiary materials were on sale in local stores.

The precautionary measure was taken after 5,000 cellulose-type masks, almost 100 per cent inflammable, were confiscated in Philadelphia.

A test showed that the cellulose masks were reduced to ash seconds after they were ignited.

MORE OF THE NATION'S TOP GRIDDERS Here pictured are 23 more outstanding performers in mixed college football. From the rockbound coast of Maine to California's sunny shores, colored players are making their presence felt in large and small colleges of the nation. This is the third of a series of pages prepared by the AFRO for the convenience of its readers. Last week a full page of photos of players in the CIAA, Southern, Midwestern and other conferences was provided. Whether they be members of "name" teams or part and parcel of relatively unknown schools, these lads deserve the doff from the AFRO cap. And they have it.
