It's wonderful the way Chewing-Gum Laxative acts chiefly to

REMOVE WASTE —NOT GOOD FOOD

Here's the secret millions of folks have discovered about FEEN-A-MINT, the modern chewing-gum laxative. Yes, here is why FEEN-A-MINT is so wonderfully different.

FEEN-A-MINT is different because you chew it. It's different, too, because it removes mostly waste—not good food! You see, FEEN-A-MINT does not work in the stomach, where food is being digested. That's why it does not take away a lot of the good food you need for energy.

Doctors know that FEEN-A-MINT works chiefly in the lower bowel—removes mostly waste, not good food!

So to feel like a million, do as millions do. Chew delicious FEEN-A-MINT . . . and feel full of life and energy! Get FEEN-A-MINT!
