Here's How Motaloy Works

Motaloy tabs are placed in the fuel tank of any vehicle with an internal combustion engine. The tabs are activated as the vehicle is being driven. The friction of the Motaloy tabs in the fuel tank and the sloshing of the fuel begins a chemical process which passes through to the combustion chambers and cylinders where the flash fire and intense heat creates a reaction dissolving hard carbon. Then, a metallic plating is deposited on the surface of the pistons, cylinder walls, rings and valves and is gradually worked into any pores, as well as pitted or scratched spots. This is an antifriction plating which provides a smoother, more powerful and quieter engine.

What Motaloy Is . . .

Motaloy is a metal, not a liquid. Motaloy metallic tabs are composed of an alloy of many different metals, of which tin is the principal.

LABORATORY PROVEN GUARANTEED

Motaloy can be used in any car, New or Old — Try it Today!

With a worn, sluggish engine, Motaloy will give increased compression, better pick up, reduced oil consumption, better gas mileage, smoother performance, and will reduce hard carbon deposits. Piston slaps will be deadened, or eliminated. In new cars Motaloy will hold factory compression for the life of the car.

Jackson signs for two bouts

NEW YORK (ANP)—Tommy (Hurricane) Jackson, the nation's newest heavyweight sensation, Saturday signed up for two fights.

In bout No. 1 he will face Jimmy Slade, April 26 at the Brooklyn Eastern Parkway Arena in a 10-round battle for the New York state heavy weight championship.

Hurricane will battle Charlie Norkus of Bayonne, N.J. at Madison Suare Garden May 21 in a 10-round bout.

Victories in these two fights will place Jackson in the top challenger status for Rocky Marciano's heavyweight crown.

Streamline

By ARTHUR RALPH WALTON

With the trout season open, many anglers will try their rod and reel out in small trout streams especially, worms have been tops with me, but every angler does not know the secret of worm fishing for TROUT.

Once you have located a hole in a small stream, you must approach it very cautiously . . the slightest noise is certain to alarm these wild little babies.

Also try to prevent your shadow from appearing on the spot where you intend to fish.

Any average size rod, 7 to 7½ inches is sufficient, but you must remember you must stay back out of sight as you get the worm to them, in this little hole in the brush.

Once you have located the best pools your fishing is certain to improve.

There are numerous of these crystal-clear streams, with holes that are filled with fish, and many expert fishermen just pass them by because they figure they are unapproachable.

If the water isn't deep, it's sinker just heavy enough to keep your worm near the bottom but light enough that the water keeps the bait moving, circling with the currents.

If he water is'nt deep, it's often best not to use a sinker.

Yes it's quite an art to catch TROUT with WORMS. It taken time before you get the hang of it.

—Channel Cats Hitting

The week end produced many of these whoppers along the catfish walk beside the huge dam. Most Anglers use chicken intestines. This type of bait finds the big boys.

Yes, fishing will be far better from this point as the weather warms up. Many anglers using cut herring or live minnows have enjoyed some success with other type of fish.

New Pittsburgh Crawfords set

SUNBURY, Pa. — The newly organized Pittsburgh Crawfords baseball club will open in the Northern Division of the Eastern League, on May 24.

The Crawfords owned by McKinley Fields and Ben Russell have signed some of the finest stars available. Willie Wynn who performed with the Newark Eagles in the old Negro National League, has been signed as playing manager.

The pitching staff will include Wilmer Harris, ex-Philly Star, Henry Miller who played for the Stars and New York Cubans.

Larry Kimbrough of the Phila Stars and Baltimore Elite Giants Bill Kitts who performed in the Canadian League and had a try-out with the Brooklyn Dodgers, and Sylvester Diggs fireball artist from the Chicago American Giants round out the pitching staff.

PUSH REGISTRATION FOR

BIRMINGHAM—Winding up a three-month drive, the Alabama Conference of NAACP Branches anticipates a vastly increased registration for the May primary election. Registration deadline for the primary is April 19.

Kellogg weaker,

LITTLE ROCK, Ark. — (ANP) —Famed cage hero Junius Kellogg after a week of hospitalization following an automobile crash, is weakening, according to reports from the Veterans Administration hospital here.

According to reports Monday, April 12, Kellogg is delirious most of the time. The 6 foot 8 inch member of the Harlem Globetrotters B team was the most critically injured of five basketball players near here Friday night, April 2.
