Goodyear's big Mt. Royal store emphasizes service

In the 54 years since the formation of Goodyear, its growth has been phenomenal. Today there are 43 plants in the U.S. and 17 foreign counties, solely concerned with the manufacture of many, many first class products, of which tires are the main.

Goodyear stands for quality and this fact has been proven by you, the consumer, for more people ride on Goodyear tires than any other brand.

Quality and a fair and competitive price means more for your money.

Another reason for Goodyear leadership is their middle name. —SERVICE. This company has invested millions of dollars in retail service stores with the primary thought in mind of servicing their products.

In the service stores, Goodyear not only aids you directly in getting maximum usage out of their products, but also improves their products by close observance. For example, tire rotation, wheel balancing and alignment, front end service and brake relining all increase tire mileage and give lower cost per mile.

Quality and Service are the main "success stories," but the advantages are further enhanced through Goodyear's fair and liberal credit plan. This credit plan is directly between you and the salesman!

There are no finance companies involved. You simply say when and how much you can pay and for as little as $1 per tire, you can have new Goodyears—the greatest — on your car.

The personnel at Goodyear service stores are naturally interested in your needs. Their extremely friendly attitudes, along with the attractive displays, makes shopping in this shop a pleasure.

Many "Name" Brands

When you decide on your purchase, you find a price that's right, not only for Goodyear products, but also for merchandise from General Electric, Admiral, Westinghouse, Magic Chief, DuPont, Toastmaster and Dormeyer.

Won't you drop into their store at Mt. Royal and Oliver (across from B. and O. Station) and give them a chance to serve YOU?

Rebuilding sale on at O'Donnell's

O'Donnell Pontiac, "Your friendly Pontiac dealer" at 2709 Frederick ave., welcomes you with a spacious lot of beautiful ready-to-ride used cars.

"Chief O'Donnell" is offering his entire stock of used cars at sacrifice prices during his used-car lot rebuilding sale.

The new cars and even the used cars at O'Donnell have a factory brilliance in appearance.

Mr. McCulloh at O'Donnell's invites you to take a test drive and fully inspect the car of your choice before you buy.

Every car has to go through the complete reconditioning process by O'Donnell's expert mechanics.

Dollar for dollar, you can't beat a used car bought from "Chief O'Donnell."

Look for the Indian on the totem pole, and when you see him you'll surely see your choice.
