Announce New Way To Shrink Painful Piles
Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids
New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.
Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already Bio-Dyne is in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

Cooking Is Fun

By FANNIEJOE REID

Ever so often I receive requests for recipes that are so much of the old school that I wonder why even a recipe is needed.

Such is the case of hush puppies. But, in this case, since Hush Puppies is a traditional southern bread, I can understand why our Eastern friends may not have this in their collection.

* * *

HUSH PUPPIES are made with one egg, a cup of milk, one and a half cups corn meal, a tablespoon baking powder, a teaspoon salt, a tablespoon sugar and one-half cup of finely minced onion.

Combine the egg and milk, beat until smooth and add to the corn meal which has been sifted with other dry ingredients. Stir until free from lumps. Blend in onion, then drop by teaspoonfuls into deep hot fat (375 degrees). Cook until browned on both sides.

While the traditional Hush Puppies have onion, you may omit if you wish. If a more compact Hush Puppy is desired, use only three-fourths a cup of milk. This recipe will serve four.

* * *

PEACH FRITTERS is another delicacy in the same mood, and one which I think you will also enjoy.

I make these fritters with three eggs, three cups cake flour, two teaspoons salt, three tablespoons sugar, a half pint milk, a small can of peaches, three teaspoons baking powder and one-fourth pound of butter.

Sift together all of the dry ingredients except the baking power. Add the milk and beat well. Then add the eggs which have been beaten well. Add melted butter and drained peaches. Fold in the baking powder last.

Drop fritters in very hot deep fat, brown well on both sides, lightly with confectioner's sugar. These may be sides and drain on paper, served along with your meats, or as a dessert with a sauce.

Incidentally, you can use the same recipe for corn, banana, strawberry, pineapple or apple fritters.

* * *

ROAST BEEF with dumplings is another request recipe.

For this you will need a three-pound roast, an eighth of a teaspoon of allspice, an eighth of a teaspoon pepper, two large onions, two buds of garlic, a green pepper chopped fine, a stalk of celery, a can of prunes and a few small potatoes.

Place the roast in a kettle with a little fat and braise. Be sure that the meat is lightly browned on all sides.

Take from kettle and place in baking pan. Sprinkle with the salt and pepper and add When tender add dumlings, slowly. Baste once in a while. the chopped vegetables. Cook which should be placed around the roast in a rina.

Put back in the oven and cook until dumplings are light and done. Remove beef to a platter and arrange dumplings around the roast.

The dumplings are made with two cups flour a tablespoon shortening, an eighth teaspoon salt, a pinch of sugar, a teaspoon baking powder, two-thirds cup water and an egg.

Sift together all of the dry ingredients. Add shortening. Beat the egg until light and add water. Then mix with dry ingredients.

Handle as little as possible. Make into balls. Be sure that the beef gravy is boiling when dumplings are placed with the meat.

PORCH REFRESHMENTS — Ideal for that snack on the porch are a quickly made beverage and cookies. Instant Flip, above, is made with instant dry milk. Recipe for Domino cookies will be found on this page.

Domino Cookies, a quick Flip ideal for summer porch party

A chilled beverage and cookies—what could be better refreshments on a summer afternoon!

Here are two recipes to fill the bill—Instant Flip, a quick-to-Leverage made with liquefied instant nonfat dry milk, and Domino Cookies.

Instant Starlac nonfat dry milk is a handy item to have at home. Stir one liquefied in the refrigerator or in powder form on the pantry shelf. It can be used in cooking and baking, for drinking, with cereals and for whipping. Instant nonfat dry milk, which is top-quality pasturized milk with only the fat and water removed, is an excellent source of important milk nutrients—protein, calcium and riboflavin.

It is also inexpensive. The family-size package makes three gallons of nonfat dry milk for as little as seven cents a quart.

* * *

FOR INSTANT flip, one serving, use one cup liquefied instant Starlac nonfat dry milk, one teaspoon instant coffee, one tablespoon chocolate syrup, and one-eighth teaspoon nutmeg.

Pour liquefied instant Starlac nonfat dry milk into a shaker or covered jar; add chocolate syrup, instant coffee and nutmeg. Shake well to blend.

DOMINO COOKIES are made with two and three-fourths cups sifted flour, one cup shortening, three-fourth cup (1 envelope) instant Starlac nonfat dry milk, one teaspoon vanilla, one teaspoon baking powder, one and one-half cups sugar, two eggs, well beaten, one-half teaspoon salt, and two tablespoons cocoa.

Sift together flour, instant Starlac nonfat dry milk powder, baking powder and salt. Cream shortening. Stir in vanilla. Gradually add sugar, beat until light and fluffy. Add eggs, blend well. Add sifted dry ingredients; beat until well-blended. Divide dough in half. Stir cocoa into one half. Cover and chill.

Shape each half into a rectangle about 2 x 2 x 12 inches. Tightly wrap in waxed paper. Chill at least one-half hour. Unwrap dough; cut each rectangle into quarters, lengthwise. Alternately place black and white quarters together to form checker design.

Rewrap in waxed paper and chill slightly. Slice dough one-eighth-inch thick and place on ungreased cookie sheet. Bake in moderate oven (350 degrees F.) 12-15 minutes until cookies are firm.

How to buy good asparagus

By GWENDOLYNE CLYATT

Maryland grown asparagus is now on our produce counters in abundant supply.

The flavor is excellent and the price seasonally low, states Gwendolyne Clyatt, Food Economist, Baltimore Office of the Department of Markets, University of Maryland. Asparagus is a highly seasonal delicacy and there is less of it produced than there is of most vegetables; however, we eat twice as much of it as we did 30 years ago. About two thirds of the asparagus we eat is fresh—the rest is canned or frozen.

In selecting asparagus, choose that which is fresh, tender, and firm, with close, compact tips. A tender stalk is a plump one that

Biscuit-mix cherry cobbler

What is more delicious than a cherry cobbler? When you are a pie fancier, the answer is "nothing."

Here is a quick and easy way to make a cobbler with biscuit mix.

You will need one large can of cherries, a tablespoon lemon juice, a tablespoon corn starch, two tablespoons cold water, two cups Biscuit-Mix, two tablespoons sugar, two-thirds cup milk and two tablespoons melted shortening.

IF CHERRIES are not sweetened, add sugar to taste. Put cherries and lemon juice in saucepan. Heat to boiling, add corn starch dissolved in cold water, stir until juice is thickened and smooth, blend in butter. Pour into shallow glass baking dish.

Combine Biscuit-Mix and sugar; stir together milk and shortening and add to mix. Blend (do not beat) and drop by spoonfuls onto hot cherries. Bake 20 minutes at 400 degrees. This recipe serves six.

Comb out stains

When you're washing clothes, a tricky way to remove stains is to apply soapsuds to the stain, fold the wet fabric over your first two fingers, and rub the spot quickly across the flat side of a comb — just as though you are using a miniature washboard.

That will chase the spot and then you can continue with your regular sudsing procedure.
