Cooking Is Fun

By FANNIEJOE REID

Ham being a traditional Easter feast it is more than likely that you will have some left over from the holidays.

I never tire of luscious baked ham, but the men in the family are likely to complain, not because of repetition, but merely because they see the same thing twice. Men are like that!

I think I have solved this problem . . . and in a way that no one will object.

I have done this with a luscious meat loaf that is quite different from baked ham in both appearance and taste.

I make this ham loaf with two pounds of lean pork ground; two cups of soft bread crumbs, a can of tomato sauce, one and a half cups milk, four eggs, a tablespoon of flour, two tablespoons dry mustard, a fourth cup of sugar, one-half cup of vinegar, a cup of milk, two eggs, two large onions and a pinch of salt.

Mix all these ingredients, form in a roll and place in greased baking dish. Set in pan of water and bake for about two hours.

A FRUIT SALAD CREAM will be a refreshing dessert to serve with a dinner based on your ham loaf. (I serve new parsley potatoes, French string beans and a carrot salad as other items on a dinner menu.)

The fruit salad is made with two well beaten eggs, four tablespoons vinegar, four tablespoons sugar, two tablespoons butter, ten cups white or red cherries, two cups pineapple chunks, two cups orange pulp two cups bananas, two cups peaches, two cups marshmallows and one cup whipping cream.

Put the beaten eggs in a double boiler. Add the vinegar and sugar, beating constantly while cooking. Cook until thick and smooth.

Add butter and cool. Fold in whipped cream and fruit mixture. This may be put in mold or spooned up, but must be refrigerated for 24 hours.

New Life Presbyterian Church plans 'Showcase Extravaganza'

On Sunday afternoon, April 29, the New Life Presbyterian Church of Dundalk, will present its annual pageant which will this year be a program featuring three activities.

The first part will be a clever one-act play, starring women of the church, a comedy based on the complications of "harmless" gossip. The second part will feature a "Showcase extravaganza and the third part will be the crowning of the contestants who win in the award for Mr. or Mrs. New Life Church. Among the contestants are Mrs. Marian Wells, Donald Johnson and Mrs. M. Lucas.

Interspersed on the program will be excellent music and other talent features. The idea of "Ebony Showcase" is adapted from the popular talent theater of Los Angeles which has screened so much of the new material used in Hollywood and Broadway recently.

General chairman of the program is Mrs. Sanoma Nixon with Mrs. Gertrude Cooper and Mrs. Ora Berkley as co-chairmen.

The Rev. Harold G. Nixon is minister of the church.

In every issue of the AFRO some lucky reader's picture is circled. That circle is worth $5 if the person shown brings a clipping of the picture to the AFRO office at 628 N. Eutaw St., before the next issue is published. Your picture may be worth $5. Read your AFRO. It pays.

Quiz for beer drinkers

Q Why was "longer filtering" developed by Gunther?

A Brewing experts have always known that if a way could be found to remove every last trace of harshness, they would have a beer that was cleaner, clearer, and smoother tasting than any ever brewed.

Q Does Gunther's "longer filtering" do this for beer?

A Yes, it *does*. Through this special longer filtering process, Gunther's master brewers have found the way to remove the last trace of harshness from beer . . . and filter Gunther to a degree of clear, clean smoothness never found in any beer before.

Q Can you *tell* the difference in longer filtered Gunther?

A Yes. It not only looks smoother and brighter; it tastes smoother and brighter, too. Every swallow is much more enjoyable. Cooler tasting. Clearer. More refreshing.

Q Does longer filtering *take out* anything else but harshness?

A No. Only harshness—caused by unfermented solids—is removed. And since harshness often hides true beer flavor, Gunther's longer filtering allows the true mellow flavor of Gunther Beer to emerge more fully than ever.

Q Does longer filtering make beer "less filling"?

A Yes, definitely so. "Fillingness" usually comes from unfermented solids not removed by ordinary filtering methods; and Gunther's longer filtering removes these solids. That's why you can continue to enjoy Gunther in the evening after supper, just as heartily as you do in the afternoon.

Q Do you have to "get used" to the taste of longer filtered beer?

A No. If you like beer, you'll like Gunther even better because its real beer flavor comes through to you—thanks to longer filtering. It's smoother going down. More quenching. Cooler.

Q Does longer filtering make a glass of Gunther taste *more satisfying*?

A Yes, it does. Longer filtering "brings out" and improves all the refreshing qualities of beer, Gunther's longer filtering actually makes you like the taste of beer better, too.

Q Will you like longer filtered Gunther better than any other beer?

A Yes, we think you surely will. It's the kind of beer every beer drinker's always dreamed about—and every brewer's tried to brew. You can enjoy it *now*—thanks to longer filtering. If beer's your drink—you owe it to yourself to taste longer filtered Gunther Beer tonight! Try it on tap—take home a case!

Get in the Golden Mood with Gunther . . . *longer filtered for smoother, brighter taste*
