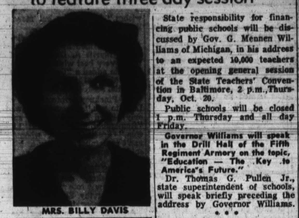
Teachers' meeting to attract 10,000

Special exhibits, demonstrations to feature three day session



MRS. BILLY DAVIS

State responsibility for financing public schools will be discussed by Gov. G. Mennen Williams of Michigan, in his address to an expected 10,000 teachers at the opening general session of the State Teachers' Convention in Baltimore, 2 p.m.,Thursday, Oct. 20.

Public schools will be closed 1 p.m. Thursday and all day Friday.

Governor Williams will speak in the Drill Hall of the Fifth Regiment Armory on the topic, "Education — The Key to America's Future."

Dr. Thomas G. Pullen Jr., state superintendent of schools, will speak briefly preceding the address by Governor Williams.

• • •

ON FRIDAY morning, Oct. 21, welcoming remarks will be made by Dr. John Fischer, superintendent of public instruction, and Mayor D'Alesandro.

The guest speaker, Dr. Ethel Alpenfels, professor of anthropology at New York University, will relate the findings of anthropology to their significance in education in a talk entitled "From Adam to Atom."

"I Was a Hobo Kid" is the title of the life story of Billie Davis to be related to the teachers by Mrs. Davis on Saturday morning, Oct. 22.

Mrs. Davis will tell how the public schools helped her rise from a poor hobo background to success as a writer and Sunday school field representative. This meeting, beginning at 10:30 a.m., will be open to the general public.

THE THREE-DAY convention which is sponsored annually by the Maryland State Teachers' Association, with a membership of 11,300, is open to all teachers of the State.

More than 14,000 teachers are expected to attend the meeting this year.

In addition to the general sessions, the convention will feature 174 exhibits of educational materials in the Exhibition Hall of the Fifth Regiment Armory and secrets of demonstrations and special meetings for teachers of schools and other buildings throughout the City.

More than 300 high school students will participate in musical performances at the general sessions of the convention.

The Wicomico High School Band will play at the opening session on Thursday, directed by Andrew Jupina; the All - Maryland High School Chorus will sing on Friday under the leadership of Helen M. Hosmer; and the All - Maryland High School Orchestra will play on Saturday, under the direction of Dr. Reginald Stewart.

Eastern girls praise school

Eight give their comments

The sophmore girls, who have entered Eastern High School have found it to be a workshop with an air of friendliness and a place that stresses fair play, respect for each other the school and teachers.

Below are reprinted some of their comments:

HAZEL BRYANT — "I am very proud of my new school and extremely pleased with the friendly enviroment I have found. I am looking forward to becoming a real part of Eastern and of helping to uphold its high moral and scholastic standards."

MARITA TURNER — "For the month that I have attended Eastern I have found only the most pleasant conditions. Also I have discovered different personalities in the girls but that is the only difference. I also admire Eastern's honor system and enjoy its extra curricular sports activities."

• • •

KATHLEEN RANDALL— "I have found the student body and faculty to be very pleasant. We all have the wonderful environment we have found will continue."

EMMA BASILIA — "My impression of Eastern from the first day I entered has been one of great admirations. The girls are kind and friendly. I know I shall enjoy my stay at Eastern."

ANITA BRISCOE — "I admire Eastern's grown up atmosphere. The honor system intrigues me. Its teachers are wonderful and as we all know, that is rarely said of a teacher while you still have teachers."

• • •

PATRICIA THOMAS — "I am completely satisfied with Eastern and its student body. The honor system gives a feeling of responsibility. The academic standards and the patient teachers help promote the atmosphere of scholarship that we have found."

MARIE WILSON — "I think Eastern is a wonderful school with wonderful personalities. I have made many friends and was selected as a group chairman in my English class. We all realize that our school is and will become what we make of it."

RUTH ANN MILLER — "I admire the beauty of Eastern and its campus. The teachers and students are easy to get along with. The varied extra activities are very inviting. Judging from the events of the last month, I think I will enjoy my stay at Eastern."

Historic document on view at Morgan

A 69-year-old document has helped Morgan State College join the press across the nation in observing National Newspaper Week.

The document is the original copy of the minutes of the American Press Association which held its sixth annual meeting of the colored journalists of the United States at City Hall, Atlantic City, N.J., Aug. 3, 1886.

The valuable historical document was given to Morgan State College in 1948 by Dr. Carl J. Murphy, now chairman of the Board of Trustees and president of the AFRO-AMERICAN Newspaper company.

Now slightly yellowed, but beautifully preserved, the document is a feature of the college's National Newspaper Week exhibit on display in the Morris A. Soper Library.

HEALTH FOR ALL:

Tuberculosis was a dramatic tragedy

Tuberculosis is a convenient disease for the novelist or playwright. It's been used by some of the greatest and some of the worst.

There's the romantic tragedy: the beautiful heroine who dies coughing delicately. Or there's the young genius who dies just as his masterpiece is recognized.

In the "no one must know" type, our hero struggles to support his younger brothers, telling no one that he's ill; or the social butterfly refuses to be an invalid and plays out her life in hectic gaity.

• • •

THERE'S rarely any mention, of course, of the fact that these charming people are spreading an infectious disease. That, wouldn't fit the romantic picture.

It is true that pulmonary tuberculosis — tuberculosis of the lungs — has no obvious symptoms in its early stages. The disease can be present without s0ther the victim or those near to him being aware of it.

It can be months, even years, before the well-known symptoms are evident. And even these: constant tiredness, loss of appetite, fever, night sweats, shortness of breath, and cough may be overlooked or attributed to some other cause.

• • •

HOWEVER, symptoms aren't the measure of the danger of TB. It's what happens inside the body thats' important.

The old name for TB of the lungs — consumption — describes it well. The tissue of the lung is being eaten away, the ability of the lung to function weakened. People can be cured, that is, the wasting process can be stopped. But destroyed tissue can't be replaced.

The longer the disease has been allowed to go untreated, usually the greater the permanent damage.

The person who has lost much lung tissue is a cripple, even though his disability can't be seen.

His activity is limited both by his loss of lung function and by the fact that he must always guard against another outbreak of the disease, a recurrence that might be fatal. A cripled lung is not romantic to the individual who must live with it.

City College has class for pianists

The Baltimore City College Evening High School is offering for the first time a course in group piano instructions.

It has been given with great success in other schools throughout the country and Paul B. Stevens, principal, says that interested pianists should enroll promptly in order to be sure of a place in the class.

Intermingled with the fundamentals of piano there is some music appreciation so that students derive both pleasure and profit from this course.

The first class met on Thursday from 7:30 to 9:30 at the school which is located at 33rd St. and The Alameda.

She holds plaque and check awarded her by the club for her charm and spelling ability on the $64,000 Question television show. At right is Lt. Lawrence Oxley, president of the Pigskin Club.

THE POLIO SHOTS:

Health department answers questions

The Maryland State and Baltimore City Health Departments released the following series of questions and answers in connection with the present status of the poliomyelitis vaccine program in Maryland:

Q — When do the Health Departments plan to resume their polio vaccination program?

A — After the current polio season is over. Usually the season closes with the onset of cold weather, early in November in Maryland.

However, this is a year of relatively low incidence of polio and some private physicians have already elected to go forward with their own vaccination plans.

Q — Who is eligible for polio vaccination?

A — Because of the overall shortage of vaccine the plans set up on National and State levels for equitable distribution require that physicians and parents observe the priorities in children in the 1 through 9 year age group. We are advised by members of our Technical Advisory Committee that by next spring adequate amounts of vaccine should be available so that persons of any age may receive it.

Q —How will this vaccine be given?

A — (1) Children 5-9 years old inclusive. Children in the 5 through 9 year age group will receive the polio vaccine either from their private physicians or by appointment at their Health Department clinics. The Health Departments plan to give it to the same children to whom they would normally give toxoid for diphtheria prevention.

(2) Exception. The National Foundation for Infantile Paralysis will provide free vaccine for the second doses of all the public, parochial and private school pupils who received their first dose in a first or second grade in April or May, 1955, but not for any other children. These second dose children are now for the most part in the second or third grades.

The Health Departments will also provide free vaccine for any child already registered in the National Foundation for who did not receive his first dose last spring.

The children who are to receive their inoculations in these school clinics must have a new parental request form signed by the parent.

There will be no general Health Department program for inoculating all school children.

Q — What vaccine dosage schedule will the Health Departments follow?

A — Upon the advice of the Technical Advisory Committee the Maryland State and Baltimore City Health Departments will follow the dosage schedule recommended last spring. There will be an interval of at least one month between the 1st and 2nd inoculations, to be followed by a booster dose some months later. This booster dose may best be given in April, May or early June.

Q — When will other children or adults be eligible for polio vaccination?

A — No one other than children 5 through 9 years of age should be inoculated with poliomyelitis vaccine at this time or until announcement has been made publicly that the priority group has been changed.

School heads want increased budget

An increase of some 4,780 pupils is expected in the Baltimore public schools at the start of next year's fall term, with the pupil load rising to an all time high of 132,960 children.

To take care of this increase, school officials have requested an increase of $4,998,928 over the funds granted for the current year, making a total request of $38,966,615.

The largest total increase is for teachers' salaries, an item that calls for $31,040,341, or an increase of almost $4 million over the 1955 appropriation.

A total of $350,000 has also been requested for capital outlay including equipment and buildings and grounds. The proposed budget has already received the approval of the Coordinating Council of the PTA.

NAACP prexy criticizes Montgomery teachers

WASHINGTON

The Rev. S. P. Manning of Latonsville, Md., his week was elected president of the Montgomery County Chapter NAACP.

In his acceptance speech, Mr. Manning deplored the action of a number of teachers present who declined offices to which they were named.

"Unless every individual feels free to serve where he desires, we are slaves. We must work to rid Montgomery County of this brand of slavery," he declared.

Officers were installed by Leslie I. Gaines.

Brooklyn lodge backs move to oust Johnson as exalted ruler

BROOKLYN, N.Y. — In a move which threatens to rock the foundations of Elkdom, Brooklyn Lodge No. 22, IBPOEW, announced this week that they had endorsed Jesse L. Vann, prominent Brooklyn real estate broker, for the office of grand exalted ruler.

In an announcement sent to all member lodges, the Brooklyn lodge stated that Mr. Vann's name would be entered at the Elks' convention to be held at Los Angeles next August.

Leading Elk figures, both local and national, are pledging to wage a real fight in Vann's behalf. They charge Robert W. Johnson of Philadelphia, present grand exalted ruler, with failing Johnson was never elected to office in a truly open election but to carry out properly the duties of his office and also with poor management in the handling of the business affairs of the organization.

• • •

THEY ALSO declare that assumed office upon the death of J. Finley Wilson.

As proof of his lack of business acumen, Johnson's detractors state that the organization is in the red to the tune of some $24,000.

Despite this deficit, they aver, Johnson allowed himself to be voted a gift of $3,000 for a birthday he had celebrated in May. Convention reports also revealed that the Order had lost 160 lodges. In contrast, the female members of Elkdom had gained 60 new temples.

• • •

THE LOSS IN membership results from the fact, says Vann adherents, that Johnson seldom visits the lodges; seemingly isn't interested in their welfare and has never put into action any program tended to increase membership or add revenue to the treasury of the organization.

Mr. Vann, elected locally as "Mayor of Brooklyn," is a popular figure in Elkdom, served as exalted ruler of Brooklyn Lodge No. 22 and is also past president of the New York State Association.

A native of North Carolina, he has lived in Brooklyn for 30 years. He is founder and president, of the Bedford Stuyvesant Real Estate Board; member of the executive branch of the Society of the Sons of North Carolina and of Enterprise Lodge No. 1 Scottish Rites Masonry A.F. and A.M.

DELTAS AID HAITI—Mrs. Patricia R. Harris (right), executive director of Delta Sigma Theta Sorority, presents a $1,000 check to Mrs. Raymond Clapper of CARE in Washington for the aid of the village of Guinaudeau, Haiti which the Delta sorors have "adopted." Looking on is Ambassador Jacques Leger of Haiti.

Former D.C. resident is Kalamazoo candidate

KALAMAZOO, Mich.— Mrs. Thelma C.Estill, formerly of Washington, is a candidate for the City Commission here. She is listed as an "independent."

Wife of Dr. Don V. Estill, local physician, who ran unsuccessfully for the Commission in 1949, Mrs. Estill is the mother of three daughters, all of whom were born in Washington.

She and her children came here in 1941 in order to be near her husband who was then an Army medical officer at Fort Custis.

• • •

IN WASHINGTON, Mrs. Estill was employed from 1926 to 1931 as secretary to Dr. Emmett Scott, then secretary-treasurer of Howard University.

She was also a bookkeeper and stenographer for the Prudential Bank and the Washington Tribune, besides working for the Census Bureau and the Department of the Interior.

NAACP gets personal note from Mrs. 'Ike'

Letter will be read Monday night at regular meeting

WASHINGTON

A personal letter from Mamie Eisenhower will be read to members of the D.C. Branch, NAACP, at the regular monthly meeting of the organization Monday night. The meeting will begin at 8 p.m. at the 12th St. YMCA.

Mrs. Eisenhower's letter thanks the branch for sending good wishes for the President's recovery from his heart attack. The communication came on White House stationery from Denver, Colo.

It was signed in Mrs. Eisenhower's handwriting, Eugene Davidson, president of the local branch stated. The organization wired the President Sept. 20 that members were praying for his speedy recovery.

The text of Mrs. Eisenhower's letter follows:

"Dear Mr. Davidson

"Thank you for your telegram of good wishes for the President's speedy recovery. It means a great deal to the President and me to know of the prayers of the members of the Washington branch of the National Association for the Advancement of Colored People.

"Mamie Dowd Eisenhower."

Mr. Davidson also announced Wednesday that Dr. Mary W. Whitehead, Dean of the Graduate School of the new D.C. Teacher's College will be the guest speaker at the branch meeting.

• • •

A PETITION requesting the placing of Mr. Davidson's name on the roster of candidates for the national nominating committee will also be circulated at the meeting. A total of 30 signatures are required to place the name in candidacy.

Mr. Davidson said the action was voted at regular executive committee session last Thursday when it was decided to seek 1,000 names on the petition. A committee composed of Dr. Carl Moultrie, Thurman Dodson, and Robert L. Taylor.

The nominating committee for the branch's election in December will also be selected at the meeting. The committee is scheduled to report on candidates at the November meeting.

D.C. showers tributes on Mrs. Alice Hunter

WASHINGTON

Climaxing the tributes recently showered upon Mrs. Alice V. Hunter, a dinner in her honor was slated last night in the grand ballroom of the Willard Hotel.

The committee in charge of the dinner was headed by Col. Campbell C. Johnson and William E. Leahy and included outstanding citizens from many fields of endeavor in Washington.

• • •

A CHARTER member of the D.C. Recreation Board, on which she served for over 13 years, Mrs. Hunter was also honored by the board and by the staff of the Recreation Department Tuesday afternoon.

She received still another tribute from the National Conference of Christians and Jews last week.

At the annual brotherhood luncheon of NCCJ, city-wide recognition was given for her faithful and productive work in the field of human relations in D.C.

• • •

MRS. HUNTER leaves Washington soon to join her husband in Indonesia where he is on loan to the Indonesian government.

A veteran teacher in Washington's public schools, Mr. Hunter is serving as an expert in vocational education for the International Cooperation Administration.

The Hunters' three sons are: John Hunter, a cancer research scientist at the National Institute of Health; Lt. Alain Hunter, with the U.S. Army in Hawaii; and Capt. Marcelius Hunter of the U.S. Air Force, now stationed in Sioux City, Iowa.

Hamilton quits D.C. committee

WASHINGTON

Col. West A. Hamilton, one of the three members recently appointed to the D.C. Election Board, resigned from the D.C. Central Committee where he had served for nearly 30 years.

His resignation, to become effective immediately was read at the beginning of the meeting of the Republican State Central Committee held in the Congressional room of the Willard.

He resigned, he said because he felt that his duties on this committee would be incompatible with those of the election board.

Advanced formula with medicated action works two ways: Benefits the scalp as it beautifies the hair

In the few short years since Sulfur-8 was brought out, millions of jars have been sold! It became so famous so fast because people who had almost given up hope of having magnificent hair saw with their own eyes what that unusual sulfur-lanolin formula could do.

Today that great formula is even greater! Sulfur-8 is now enriched and powered with new scientific medication to do even more for your hair and the scalp behind it.

Strengthened Scalp Action Makes a Big Difference

Wonderful things happen when you use Sulfur-8 as directed and give that advanced formula a real chance to work on your scalp. Notice how soon that vitalizing stimulation "activates" your scalp to feel more alive and healthy.

Fights Germs. The remarkable new antiseptic power combats the menace of surface scalp germs that often aggravate infections, and the itching distress of scalp troubles is quickly relieved by the counteracting medication.

Now Sulfur-8 not only clears away existing dandruff scales but actually fights off the very germs (p. Ovale) that many experts say are a cause of infectious dandruff. It promotes easy healing of worrisome scalp sores and does so much to supplement the natural vitamins scalp oils that you can see and feel the difference very soon. Watch your scalp thrive on Sulfur-8!

A SCIENTIFIC ACHIEVEMENT

Improved Sulfur Works Wonders

Great medical experts all over the world have long known the wonders worked by sulfur on hair and scalp problems. Now modern science has brought out the very strength of sulfur in a revolutionary form that actually does much more than any ordinary sulfur ever could do. This remarkable "super-sulfur" called Polysulfides, is part of the great Sulfur-8 medicated formula.

Like a Doctor's Prescription for the hair and scalp, Sulfur-8 is a combination of active ingredients, including a great new antiseptic as well as that rare special sulfur.

Only Sulfur-8 gives you that great super-powered formula!

Enriched Sulfur-8 Has Extra Power to Build Up the Glory of a Gorgeous Head of Hair

With Soft Radiance and Luxuriously Longer, Richer, Healthier Appearance

It's thrilling to see what happens when you bless your hair with the beautifying benefits of Sulfur-8!

In a short time your poor dried out hair begins to look gloriously fuller, smoother and longer, and feel so soft and rich. It's wonderful to realize that at last your hair is being given a chance to reveal its true natural length—glowing with that deep, healthy-looking lustre and silky smoothness.

Works Like Magic

Sulfur-8 can do so much because it goes right to work on certain conditions that may hold your hair back from developing its full beauty. Watch out for those conditions! For example, your hair may seem hopelessly dull and dead-looking or feel stiff and "difficult", when it is parched or oil-starved.

Hair Too Short?

It may be so measly-looking and shorter than you would normally enjoy, simply because those brittle-dry strands keep cracking off. Frizzy split ends also make it seem shorter.

See what a big, wonderful difference Sulfur-8 can make! Discover the beauty building secret of that advanced formula with the new soft-texture feature. Use it regularly to help keep your hair a glorious crown to your charm.
