20th Anniversary
1950 — 1970

20 YEARS OF SERVICE
TO THE PEOPLE OF OUR COMMUNITY

1950 – The Beginning

Pictured at the right is Brown's original location at Chase and Wolfe Streets. This was the place where we first met so many who are still shopping at Brown's. Our guess is that 95% of those who first came into this store are buying at Brown's today. That says a lot for all of us!

1956 – Our First Step

After six years we knew we had gained your confidence. So, back in debt we went. Our track record with you enabled us to get the loan that made this move to Washington Street and Federal Street possible. We wre on the way to becoming a supermarket, in every sense of that word.

1966 – Another Step

Having proof that East Baltimoreans did respond to our way of doing business, we decided to expand to West Baltimore. Now, at the corner of Pressman Street and Monroe Street is a supermarket that meets the standards set by you! Be assured, we're *Not* going to stop here.
