MISS JEANNIENE JENKINS
'Typical Kane model'

Careers open in modeling

The demand for qualified colored models is increasing all over the country, according to Miss Diana Kane, owner and operator of a School of Modeling at 313 N. Howard St.

"The once average pay scale was $5 to $15 an hour, "Miss Kane noted, "but now it has taken a big jump to $25 and up."

Miss Kane also noted that the prerequisites for a modeling career includes top training, experience, and the knowledge of how to make the most of your best points.

She also said that her school is the only one approved by the Maryland State Department of Education for the training of models that accepts colored students.

The Benefit A game on Sunday found 21 tables in play. About for the tourney were American Bridge Association officials Victor Day, president; and Kenneth Cox, Eastern Vice President.

Harold Seaborne is president of the Baltimore Bridge Congress, sponsors of the event.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.
Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Bio-Dyne is now in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
