Morgan names soccer coach

Dodanna Rajanna, a graduate of the University of Mysore, India, has been named substitute instructor of Health and Physical Education and soccer coach at Morgan State College.

Rajanna, who has played semi-professional soccer, led the Mysore University team to a national championship his first year of coaching.

After teaching at Mysore for nine years (1947 to 1956), he was a graduate assistant at the University of Illinois where he earned a Master's Degree. He served four years as assistant professor and athletic director at Wilberforce (Ohio) University. (1960 - 1964).

Morgan's new soccer team will be composed of mostly foreign students from some 27 countries.

On schedule for this week is a 4 p.m., game today (Friday) at Towson State and a 2 p.m. Saturday game with Woodstock Seminary at Morgan.

DURHAM, N.C. — Charles Clinton, editor of North Carolina College's award - winning student newspaper, "The Eampus Echo," attended the fortieth annual convention of the Associated Collegiate Press last Thursday through Saturday.

AT GREENSBORO:

Double-barrelled trouble awaits unbeaten Morgan

GREENSBORO, N.C. — If coach Earl Banks is as much sage as he is football mentor, his Morgan State College football forces are in for double - barrelled trouble here tomorrow (Saturday) in their CIAA face-off with A and T College.

"They have two tremendous incentives," said Banks on the eve of sending his unbeaten Bears into Memorial Stadium against the always-bothersome Aggies.

"IN THE first place," said Earl, "it is their homecoming. And in the second, they have to win to keep their hopes alive in the race for the conference title.

"If for no other reasons, they have to be ready psychologically.

"On the other hand," Banks went on, "our kids may have trouble selling themselves the idea that this game is as tough as it should be. They look at the 60-0 shellacking Tennessee State put on them, and then remember that Maryland State, whom we beat rather handily, played A and T to a 8-8 tie."

BECAUSE of his fear that the Bears won't be mentally attuned to the job at hand, Banks spent much of the past week showing movies of the Aggie attack.

"Coach (Brutus) Wilson scouted them and his reports are ominous. For one thing, they're entirely different team with (Cornell) Gordon in there.

"HE MOVES that club and, aside from being a leader, he's himself a bang-up football player.

"Green runs the ball well and he passes. They give good pass protection and they rush opposing passers. That Bob Francis is a good receiver. He's 6-6, has excellent reaction and knows what to do with the ball after he catches it." Banks concluded—Sam Lacy.

85-year-old Lake to MC Clay - Liston TV bill

WASHINGTON — James J. ("Jimmy") Lake, tuxedoed and white carnationed sports announcer who has gained national recognition over the past 45 years, observes his 85th birthday on Monday.

Promoter Goldie Ahearn announces that he is extending Lake an anniversary salute by installing him as master of ceremonies at the D.C. National Guard Armory Monday night, Nov. 16, for the closed circuit telecast from the Boston Garden of the boxing bout between world's heavyweight champion Cassius Clay and Sonny Liston.

JIMMY, who has gone into semi-retirement since suffering a back injury in a fall several years ago, still responds to special assignments and expects to be in top stride for the occasion.

The popular showman, a personable throwback to the "Gay Nineties," not only will introduce distinguished guests, but will provide other commentary and such narration as is required for the screening of 18 historic fight films of the past, produced in sound.

SOME OF the memorable moments from bouts involving Jack Dempsey, Joe Louis, Harry Wills, Jess Willard, Gene Tunney, Max Schmeling, Jack Sharkey, Primo Carnera, Max Baer, Georges Carpentier, Luis Angel Firpo and Tony Galento will be shown.

The Liston-Clay bout will be telecast on a big 30 by 40

'We're coming to play,' Cain warns Edmondson

We're coming to play!

This was the warning sounded by Dunbar coach Sugar Cain on Thursday, as his ambitious Poets wrapped up planning for today's (Friday) clash with defending champion Edmondson in a Maryland Scholastic Association football game at Edmondson.

"They're the champions and we're fully aware of that fact. They're tough and I'm sure they feel as we do, that win, lose or draw, it is going to be something we'll both remember."

CAIN had just completed a brief, but spirited 45-minute warmup on Dunbar's home lot at Clifton Park. He took a careful inventory on the team's physical condition and expressed some concern over the fact that his young fullback, Rufus Alexander, may see only limited service.

"He was our best player last week and we were really hurt when he came out with a bad knee. He has been limping all week and I'm not sure but that he'll have to be watched very carefully," said the Dunbar tutor.

EDMONDSON is undefeated for the season, showing a 4-0-0 record. She also captured the division title last year.

Dunbar has come fast after losing her first two games, both of which Cain insists should rave been won.

According to the Poet coach, his team "played the legs off" the bigger Phelps eleven from Washington before bowing in the final quarter, and that the same letdown hit late in the games against McDonogr and Southern — LACY.

'Hurting' Cubs spell trouble for McDonogh

A steadily-improving, but hurting, Carver High eleven plans to make this afternoon's (Friday) game with second-place McDonogh "a good one."

Take the word of the Cub's coach, Charlie Robinson, and one may expect McDonogh to have considerable trouble when she tangles with her underdog rivals.

"WE'RE HURTING," declared Robinson, "but the boys are in excellent spirits and they're showing signs of catching on to what we're trying to do.

"McDonogh is big and has 28 lettermen back from last year. That's always a big lift, to have experience on your side.

"But we're coming along. Dwight Carter has been improving at quarterback with every game over the last three, and we may just have a surprise in store for them," Robbie asserted.

END ARNOLD ADAMS and halfback Ron Epps are still out with injuries, the former with a trick knee and the latter with a tender ankle that has been cutting up.

They may see limited service, but Robinson says he can't decide until game time how much it will be. He is thinking of using Adams on some offensive plays and Epps in defensive situations, but neither is going to start. LACY.

The world's leading acoustical experts made the test.
The U. S. Auto Club certified the results: at 20 mph . . . at 40 mph . . . at 60 mph . . .
The 1965 Ford rides quieter than a Rolls-Royce!
Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in Mechanix Illustrated, said, "If there is a quieter car made in this country, I haven't driven it."
Quiet Means Quality . . . Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.
Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.
The Result . . . The Fords proved to be slightly quieter at all speeds.
The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."
The Difference . . . The sound level difference, to be sure, is small—but it is phenomenal. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.
Take A Test Drive . . . A key—and a warm welcome—await you at your Ford Dealer's. The key, incidentally, fits in the lock no matter which side is up—symbolic of the hundreds of advances you'll find in any Ford you road-test. Come in and see for yourself.
*Decibels are the universally recognized units for measuring the volume of sound.
