ENTANGLEMENT — This hodge-podge of arms, legs and body occurred in Dallas Texas Saturday during the Baltimore Colts and Dallas Cowboys final exhibition National Football League game in which the cowboys by a 23 to 7 score. The entanglement developed when the Dallas defenders Dave Edwards (52) and Mel Renfro (29) combined their talents to bring down Colts fullback Tony Lorick (33) after a three-yard gain. Abe Colts raise the curtain on their new season Sunday when they entertain the Atlanta Falcons at Memorial Stadium.

## Draft dodgers

SAIGON (UPI) — Three hundred thousand South Vietnamese men are eligible for this country's military draft, but maify will prefer not enter the service. The situation is a story of draft-dodging, graft and what appears to be a lack of government interest in increasing its armed forces.

Six cruise ships brought 4,520 vacationing passengers to Nassau in a single July day. The ships were the Canberra, Oceanic, Ariadne, Miami, Bahama Star and Sunward.

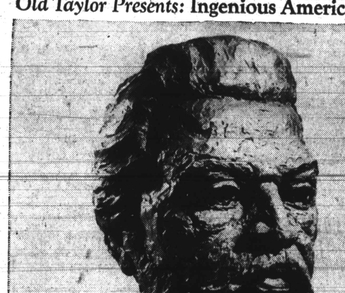
## Old Taylor Presents: Ingenious Americans



Norbert Rillieux (1806-1894)

## He made all our lives a little sweeter.

Norbert Rillieux began life on a plantation near New Orleans. He was a bright child and eager to learn. So his father, anxious that the boy receive a good education, sent him to Paris.

Rillieux quickly lived up to all expectations. He published several papers on the steam engine and its economy and was soon an instructor at one of the finest Paris academies.

His education and training behind him, Rillieux decided to return to the U.S. to put his talents to use.

In the early 1840's sugar was manufactured by a slow, primitive method known as the "Jamaica Train". This made it an expensive luxury that only a few could afford.

One day, Rillieux ran his fingers through a small bowl of coarse, brown sugar, and felt sure that something could be done to make it better and cheaper.

So he set to work.

By 1846 he had developed a process that turned sugar cane juice into a finer grade of sugar at about half the cost. The Rillieux Process was quickly adopted by Cuban and Mexican sugar refineries and Norbert Rillieux was soon the most famous engineer in the state of Louisiana.

Several years later Rillieux returned to France, only to find Europeans completely disinterested in his new sugar process. So, he turned to archeology and spent years deciphering hieroglyphics.

Eventually, Europe realized the value of the Rillieux sugar process, and adopted it in its refineries. With renewed interest, Rillieux again turned to engineering; this time applying his process to the sugar beet. Results: Sugar production costs were cut in half.

Norbert Rillieux did for sugar what Eli Whitney did for cotton. We may take his invention for granted now, but each teaspoon of sugar that goes into our cup of coffee should remind us of this ingenious American.

## Ali supported for peace prize?

STOCKHOLM (UPI) — Leftwing German playwright Peter Weiss was quoted Monday as denying that he is proposing dethroned heavyweight champion Mohammad Ali for the Nobel Peace Prize.

The newspaper Aftonbladet quoted Weiss as saying that persons close to Ali' telephoned from New York Sunday night to ask whether he and Authoress Sara Lidman would propose the prize fight for the award.

All was quoted as saying in New York Sunday that Weiss and Miss Lidman were backing him for the prize because he refused to serve in Vietnam.

"To claim that we have suggested Ali for the peace prize is wrong," Weiss was quoted as saying. "Ali's public announcement makes it difficult for us to take the question up for consideration.

"However, Ali's refusal to go to Vietnam . . should qualify him for international recognition."

Weiss, Author of the plays "Marat/Sade" and "The Investigation," lives in Sweden.

## Ole Miss says colored star flunked test

OXFORD, Miss. (UPI) — The University of Mississippi says that track star Jimmy Isom, first colored athlete ever signed to an athletic grant at Ole Miss., has failed his college entrance test and will not be permitted to enroll.

Isom was a 9.4 dash man who attracted nationwide attention last spring when he signed a grant at this deep south university which long resisted integration efforts.

A spokesman at the university said Isom took his ACT test at a junior college in Northwest Mississippi and the results, received about two weeks ago, showed he made a score of 7 out of a possible 35. It takes a 17 to get into Ole Miss.

MISSISSIPPI ATHLETIC director Tad Smith expressed regret that Isom would be unable to enter the university. Smith added that Ole Miss has scouted a large number of colored football players and "it is only a matter of time until we sign some.

"We are just interested in having the best team we can, not only in football but in all sports," Smith said.

At present there are apparently no other Negroes in the school.

## Ex-Bear, rookie ignite Browns

MINNEAPOLIS, Minn. Former Morgan State captain Leroy Kelly scored three touchdowns and Frank Ryan passed for two more Sunday as the Cleveland Browns overwhelmed the Minnesota Vikings, 42-14, in a National Football League game.

Kelly scored twice on 1-and 3-yard runs then took a 30-yard touchdown pass from Ryan, who also threw a 16-yard strikt to Gary Collins, all in the first half. Cleveland held a 28-0 halftime lead. The victory was the Brown's first in pre-season play.

Rookie Carl Ward ran the second half kickoff back 85 yards for the Browns for a 35-0 lead to put the rout in high gear.

Ward, who was approximately 50 tan students at Ole Misal, but none is competing in athletics.

The memory of my mother, I wish I could be everywhere;
I shineth in the darkness, and it ariseth on the air,
It clings to me, it talks to me, through the livelong day,
It meets me in my daily task my household work or play,
Not blessed, blessed memory, that dear familiar tone,
As her spirit watches still, and communeth with her own.
