Hunter completes oil course

Baltimore businessman, Edward Hunter, has completed a three-week course in service station management at American Oil Company's Dealer Development Center in Baltimore, Maryland. He operates the branded service station at Frederick Ave.

The center, one of 11 conveniently located throughout the nation, is devoted exclusively to teaching independent businessmen the variety of special skills necessary for the successful operation of a modern service station.

Through this successful completion of the training course, Mr. Hunter has earned the title of Certified American Oil dealer. Among subjects covered were electronic motor analysis, manufacturer-recommended servicing requirements, and the company's own customer-oriented sales philosophy.

All new dealers becoming affiliated with the nationwide oil company are expected to participate in the development program, which includes both classroom and on-the-job training. The center are staffed by full-timed professional instructors and equipped with numerous modern teaching aides.

Dealer Hunter and his wife, Margaret, live at 5602 Wesley Ave., in Baltimore, Maryland. They have four children.

Gordon Parks here at Pratt Library Nov. 7

Gordon Parks, noted photographer, writer, composer, and film maker, will deliver the third annual Annie J. Duff Lecture at 3 p.m. on Sunday, Nov. 7, at the central Enoch Pratt Free Library, 400 Cathedral Street.

The public is cordially invited to attend the program free of charge.

Parks is perhaps best known as a photographer, having made his reputation through the extraordinary photo-essays he has done for "Life" magazine. A major exhibit of his photographs, sponsored by Time-Life, was held in New York in 1963.

"The Dove", one of Mr. Park's most famous photographs, will be exhibited at the Pratt library on the day of the Duff lecture and in the weeks preceding it. The copy on view will be lent to the library by Morgan College.

Through the courtesy of the J.P. Lippincott publishing firm, Pratt will also mount a display of the entire collection of color graphs from "In Love," Nov. 1-11, in the main lobby of the central library.

The Duff lecture series, made possible by a gift presented to the Pratt library by the Viking Press in honor of Annis Duff, former editor of children's books for the New York publishing firm, was inaugurated in 1969, and opened with a lecture by British author Rumer Godden.

Gordon Parks has selected "Creativity" as the subject of his talk.

Mitchell opposes new mortgage guidelines

Parren J. Mitchell, member of Congress, has expressed vehement opposition to the proposed new guidelines for mortgage lenders charging that their implementation will be immediately felt by everyone involved in trying to provide improved inner city housing.

He is also of the opinion that the guidelines would discriminate directly against participation in the housing market by blacks, women, the elderly, blue-collar labourers, low-income families and the non-working poor.

* * *

Mr. Mitchell specifically objected to any provision that excludes regular overtime pay, bonuses or part-time job income as effective income in figuring mortgage values, or allowable pur-

He could not see why a borrower with a credit problem should be disqualified from seeking further loans and disagreed with computation of the income of 17 million working wives at 50 per cent their actual value.

The Congressman called on Federal National Mortgage Association and all those connected with it to undertake further study of the proposed guideline to effect changes.

"I specifically object to the provisions that permit loans only to well-maintained neighborhoods with pride of ownership. This provision could stimulate the widespread red-lining of inner-city neighborhoods where mortgage loans help is desperately needed to halt blockbusting and speculation."

.Towns .and .cities

A plan to require the state to share revenue with cities and towns was defeated before a legislative council committee Wednesday.

A proposal was made by a subcommittee headed by Rep. Del. Joseph A. Chester (Balto., 2nd) to guarantee the municipalities a return of tax money amounting to about $4.5 million, to be allocated on a population basis.

The whole committee voted down the plan but supporters said another try may be made during the session.

Del. Chester's sub-committee was successful in recommending state aid to the cities for traffic lights, road building and requiring the comptroller to continue collecting local admission

Hershey finale goes for title

HERSHEY, Pa. — The Baltimore Eagles close out their Interstate Football evening when they meet the Pennsylvania Bruins here a battle that will decide the championship.

The Eagles and the Bruins are tied for first place with 7 and 1 records for the season. The Bruins beat the York Lions last Saturday, and the Eagles slipped by the Waynesboro Tigers 7-0 at Brooklyn Park in a game broadcast on WBJC-FM.

The Eagles gave their sloppiest performance of the year against the Tigers. Second-string quarterback Bob Dear, who moved the club well in two games against the York Lions, was unable to get the Eagles across the goal line until the middle of the fourth quarter against the fired-up Waynesboro defense.

As is expected, both teams will be up for the title match at Hershey.

Sports director, Phil Fisher will have a pre-game show at 6:55 p.m., and Gary Laine and Steve Kennington will handle play-by-play action at 7.

Improved Bears favored at Dover

DOVER, Del. — There are several reasons for the establishment of Morgan State College as a distinct favorite over Delaware State, in their Mid-Eastern Athletic Conference football game here tomorrow (Saturday) afternoon.

The main one, of course, is that the Bears have virtually dominated Hornet elevens for the past 16 years of their football association. Others include consideration for the great improvement the visitors showed a week ago against South Carolina State, and the return of Ron Mayo to the lineup.

* * *

In addition to these factors, Delaware State has not yet stopped reeling from the beat dealt the team three weeks ago when 13 athletes were dropped at the height of a narcotics exposé on campus.

Most of these athletes have since been reinstated but it is understandable that complete normalcy has not yet returned to the team.

Morgan coach Earl Banks attributes the overall improvement to the pickup in offense. And this better performance has resulted from better cohesion in the offensive line. Banks feels that satisfactory replacements finally have been found for injured personnel.

One of the injured was Mayo, who had been out of action since the week before the Grambling game, Sept. 11. Mayo has recovered and will be at the wide receiver post where he excelled the past three years.

Another area in which Morgan has become stronger is in specialty situations Mike Collier, younger brother to Virginia State quarterback Cecil Collier, returned a kickoff 89 yards for touchdown against the S.C. Bulldogs. That caused Banks to open his eyes.

"He has been pestering me all year to let him run back kicks," declared the coach. "I guess I will just have to let him do it now."

AT REGENT

A touching drama "The Learning Tree" from Gordon Parks' autobiography, now playing at the Regent Theatre, traces life in the black community in a Mid-Western locale.

Making his feature directorial debut in "The Learning Tree," Parks is the first black man in U.S. history to be in charge of a major cinematic production. Parks has long been a world-acclaimed photo-journalist for Life magazine.

He touched the hearts of millions with his magazine story of Flavio, a Brazilian boy found at death's door.

Previously, Parks directed, for National Educational Television, documentaries on "The World of Piri Thomas," a rehabilitated Puerto Rican, and "The Diary of a Harlem Family."

Kyle Johnson, 17-year-old son of actress Nichelle Nichols, stars as Newt Winger, fictional counterpart of Gordon Parks himself. Johnson is best known for his role in the NBC-TV special, "Losers Weepers," a Watts Writers Workshop production.

Estelle Evans, a veteran New York actress, has the pivotal part of Sarah Winger, Newt's mother. Cast as Johnson's rival in "The Learning Tree" is another new film talent, Alex Clarke. And Dana Elcar, stage and television actor, portrays the brutal town sheriff, Kirky.

More than 00 local citizens, ranging from a millionaire rancher to black field hands, worked in "The Learning Tree" as jurymen, pedestrians, picnickers, school kids and "atmosphere" extras.
