TREAD WEAR EXPECTANCY

Because of variable driving habits and road conditions under which tires are used, it is impractical for Montgomery Ward, and conceivably misleading to our customers, to guarantee any specific number of months or miles of tread wear. We can, however, indicate the wear potential we have built into our tires in terms of service in normal family use. If a Riverside tire wears down to the tread wear indicators during the Tread Wear Expectancy, Montgomery Ward will prorate on the basis of the use and evidence of date of purchase replace the tire for the then current price less the following dollar allowance:

Tread Wear Expectancy	Tread Wearout Allowance
40,000 miles	Prorated on Miles Driven
42 month	$13.00
40 month	10.00
37 month	8.00
36 month	6.00
33 month	4.00
30 month	2.00
24 month	1.00
18 month	0.00

Tread Wear Expectancy adjustment does not apply to tires used commercially.

2 Students Slain; Southern U. Closed

WHEN YOUR HAIR HAS TURNED TO SILVER, will you look as davastating as this pretty 2-month-old tot, Raenell Vann, who was born with the fashionable shock of gray hair? Just as glamorous is her mother, Mrs. James Vann, wife of the Bethlehem Steel employee. (Photo by Fletcher Roberts)

Both sides blame other for Southern U. deaths

BATON ROUGE, La. (UPI)—Police and National Guard troops sealed off the Southern University campus following a confrontation Thursday in which two youths were slain and one wounded.

Students and authorities blamed each other for the deaths.

One of the dead youths was not identified. The other one was Denver A. Smith, 20, of New Roads, La. James E. Jackson, 19, of Roseland, La., was hospitalized with an arm wound.

Gov. Edwin Edwards declared the Louisiana capital in a state of emergency and said there had been a "run on ammunition" here and threats against his life.

Police accused demonstrators of throwing tear gas and fragmentation bombs from the Administration building they occupied and said one of the bombs was responsible for the deaths.

However, students said they had no bombs. They said a law officer must have killed the youths with a shotgun blast.

A coroner's report was inconclusive.

Police barricaded the street entrances, posted half a dozen armed guards at each barricade and refused to allow even parents on the grounds.

Seven blacks were arrested during the outburst for disturbing the peace, including three student protest leaders.

Militant students at the college had boycotted classes for two weeks at both Baton Rouge and New Orleans campuses. Students sought the resignation of the school president and more control over student life.

Students held the New Orleans administration building for eight days but gave it up last week when the president of that 2,700

BATON ROUGE, La. — Gov. Edwin Edwards and Southern University's resigned president, Dr. G. Leon Netterville, shut down the college Thursday and ordered all 8,500 students to leave "until after the Thanksgiving holidays."

Some 700 to 800 National Guardsmen took over the campus after two students were found dead and eight jailed for disturbing the peace and criminal mischief.

Students fled the campus weeping from tear gas sprayed from "Big Bertha" a state police riot truck. A sundown curfew is in force.

A fire bomb set in the administration building burned students' records and

Mayor W.W. Dumas said early today, (Friday), "Two have been shot. There may be more if necessary.

"We are going to take over the campus and restore order at any cost. There is a price you pay for appeasement. If you appease people you can expect the worst."

Guardsmen are everywhere. It is impossible to get near the campus. Worried parents can not get near nor reach anyone by phone. Dr. Netterville is in his home about a mile from the campus.

The identified dead student is Denver A. Smith, 20, New Rose, La. but the other dead man who may not be a student, had not one bit of identification was found.

East Baton Rouge Parish coroner Dr. Hypolite Landry said he found metal "fragments" in the bodies and one shotgun pellet "not a No. 4 shot" from police guns.

He said sheriffs use a "double - O" bullet.

Sheriff Al Amiss told the

Beautician testifies on dope sale

"I think you were making arrangements with Miss Ingram to purchase heroin."

Judge J. Gilbert Prendergast made the above statement in Criminal Court on Wednesday to William Pryor Jr., 19, 3900 block Rosedale Rd.

Pryor was charged with conspiracy.

Judge Prendergast has not imposed sentence. He has asked for a pre-sentence report from the probation department.

According to evidence placed before the court, Pryor went to the home of Miss Alveda Ingram, 22, 700 block Lake Dr., on March 2, and asked her to purchase some heroin for him.

Miss Ingram, a beautician, told the court this was her first time buying drugs.

"He had asked me to do him a favor."

According to evidence placed before the court, Miss Ingram and Pryor caught a cab and went to the 2000 block of W. Lanvale St.

Court records reveal Miss Ingram left the cab and approached Raeford Footman. They had a conversation.

Miss Ingram then returned to the cab and ob-

Shock of gray hair is her birthmark

Miss Raenell Vann, age two months, was born at Bon Secours Hospital Aug. 24, normal, healthy and quite glamorous with a shock of gray hair.

Her mother, Mrs. James Vann, 20, reveals she is first of the family on either side to develop this trait. Whether she will pass it on to the next generation, the Vann family can only "wait and see."

Her father is the 22-year-old Bethlehem Steel worker and mother is employed at an Arundel Ice Cream store.

13-YEAR-OLD WHITE GIRL CHARGED

Torture-murder trial opens

The torture murder trial of 3-year-old Russia Allen Holley II, opened in Juvenile Court before Judge Robert I. H. Hammerman Thursday, extended through the day until 5:30 p.m. and continues today (Friday.)

RUSSIA HOLLEY II

The 13-year old wise-appearing white girl, with long dark-blonde hair, came before the court charged as a delinquent "for the reason that on Sept. 19 she feloniously, wilfully and of deliberate premeditation and malice aforethought did murder and kill Russia A. Holley II age 3."

• • •

Medical examiner Dr. Marvin S. Plack testified that the 3-year-old child died from "pressure of the vascular tree of the neck causing blood vessels to erupt."

He described the toddler's injuries by reading his report and also by showing pictures taken during the autopsy at the morgue on Sept. 20 at 8 a.m.

The injuries were described as abrasions and contusions of the head. This included lacerations of the scalp; a depressed fracture of the skull bone with an injection of the brain but "there was no obvious mass hemorrhage."

The doctor said that fingers or fingernails are the probable cause of the neck abrasions.

Dr. Plack also said there

Killer-For-Hire Jury Hid In Hotel

By PAM WIDGEON

Hercules Williams' trial began on Wednesday afternoon in Criminal Court Part One with Judge Marshall Levin presiding. It took two and a half days for a jury of six black and six white citizens to be chosen.

The panel is staying in a hotel for the week-long trial and ordered to see no TV, hear no radio nor read any newspapers.

Hercules Williams, 29, 1400 block Ashland Ave., is charged with murder and conspiracy. The defendant is accused of shooting to death Alonzo Alston in July in his home in the 5100 block Queenberry

Williams has kept a pleasant smile these three days, and was Thursday dressed in white shoes, light green pants and a deep green sweater trimmed in brown. The trial continues today (Friday).

In opening statement to the jury, Domenic Lamele, assistant state's attorney, told the jury "Hercules Williams, Eugene Allen, and Jerome McArthur did murder Alonzo Alston.

• • •

"Jerome B. McArthur, Hercules Williams, and Eugene Allen conspired with each other to murder Alonzo Alston. The state intends to prove a very vicious killing.

"Police officers received a call for a shooting. The shooting occurred at the

AFRO-AMERICAN NEWSPAPERS

Holiday Shoppers Beware

City officials told the AFRO this week holiday market-goers will have to be on guard "against ruthless merchants."

The Health Department and Weights and Measurements Bureau sent inspectors Thursday to check a meat stall in Lafayette Market reported by several citizens as "short-changing" customers and giving "short weight."

• • •

One customer, Mrs. Kenneth Wilson, wife of the AFRO advertising vice-president, said she suffered over-charging last Friday and was "furious" when she had to argue with a female clerk about the overcharge. She said she left the country ham there and promised the proprietors, "I'm going to tell everyone about you."

• • •

Mrs. Wilson said she reported the incident, "Since I worry about our people who can not afford to be over-charged. If they would do that to me, what would they do to the less fortunate?"

•

Mrs. Wilson reported to Del. Troy Brailey who went directly to the market stall, stood by and witnessed another customer, John Capel, short-changed $1. A male clerk eventually "slipped the $1 in among the other change" and said, "Now, count it."

Nearby stall owners told the AFRO, "Most of us in the market are black and should not be accused along with this white stall that seems often wrong"—Del. Brailey says he expects a report early next week.

DELEGATE TROY BRAILEY reveals in this AFRO photo taken Wednesday, what he saw happening at a meat stall in Lafayette Market and confronts the men behind the counter with his complaints and those of other citizens on the scene last weekend. (RIGHT) Del. Brailey points to meat on top the counter and commenting on flies whizzing by, received the answer, "Flies are all over this market."
