CONSUMER CORNER
THE CRANBERRY BOUNCE

The bitter little berries are plentiful this year and packed in see-through for-easy-freezing and-quality inspection. Pour out a few, rinse, drain, and cook, or just grate without even thawing.

If you ve never tried the fresh ones, this bicentennial year is the time to try — they're as American as any food can get and a good source of Vitamin C. Making your own sauce is a snap too — just boil 2 cups each of sugar and water together, add a pouch o berries and cook til the skins pop — about 5 minutes and voila!

A good cranberry will really bounce. You can bounce them downstairs and discard any that don't hit bottom. Our berries have been bounce-tested so you can skip that step and just enjoy them in salads, punches and relishes, on ice cream or ham or roast beef, and most of all. With, On, or Stuffed inside of a turkey. And the time to start That dinner is already here.
