IN SOCIAL STUDIES students have been studying metropolitan life and the officials who control it. To better understand what affects them now and in the future, the youngsters have formed an imaginary city, and created it out of paper sculpture. Not only will this help in Social Studies, but it better enables them to handle the problems they may face as adults. Here are the students, Andrea Shire, Ken Radke, Rhonda Mickle, Frank Long, Tina Jones, Robert Gualt, Jeanette Knott, Pam Dennis, Carl Pinckney, Eric Billips, Sarah Kaufman and Hyon So.
