HELP WANTED

SOLAR CELL RESEARCH
The University of Delaware's Institute of Energy Conversion has periodic openings for research professionals dedicated to applying their skills to solar energy research.
The Institute of Energy Conversion is an applied research institute committed to making a significant contribution to the solution of specific energy problems by developing new technologies which can be taken from the laboratory to the marketplace.
Current activity is focused on developing low-cost thin-film solar cells. Basic and applied research is carried out by a multi-discipline group of physicists, chemists, chemical and electrical engineers and material scientists. In general, the professional staff is recruited at the PhD and Master's level with appropriate weight given for experience and knowledge in addition to formal education.
The Institute offers you one month's vacation each year, Blue Cross and Blue Shield, a dental plan, a retirement plan, free courses at the University of Delaware for you and your dependents, career opportunities, and the chance to make an impact on the future. Qualified applicants, please send resume to:
Sherri Barwick
Department W
University of Delaware
Newark, DE 19711
