Remember Your Loved Ones
With An
EASTER
IN MEMORIAM
APRIL 3rd

The Baltimore AFRO-AMERICAN on Friday, April 1st, will help you honor your deceased loved one with a special "Easter in Memoriam Page."

With this thought in mind, we are taking this opportunity to suggest the publication of one of the following verses or any similar poem of your choice. Pictures may be used at a small additional cost.

DEADLINE MARCH 23, 1983

E-1
"UNSPOKEN"
Sometimes along the way of life
I'd hurry thru the day
And often miss the sweet things
I'd really meant to say.
Those little words of tenderness
I felt deep in my heart.
But though I cannot tell you
You'll always be a part
of every loving thought I have
Today and all the year.
Because in words unspoken
I love you husband, dear.

E-2
"OUR EASTER PRAYER"
O' Sacred Heart of Jesus,
Keep him by Your side,
For I miss not him You,
He was my joy and pride.

E-3
This Easter brings back memories
Of wonderful times we knew.
A family day together
For then dear, Mom, we had you
And all these recollections
Of the happy days now gone,
Bring heartaches and a longing
As Easter morning dawns.

E-4
Tho' you're not here this Easter
Our wishes to impart,
You know our thoughts are with you
Even tho' we're far apart.
We'll put our wishes in writing
And hope that they'll be read
By the son and brother we loved so dearly
And whose feet have ceased to tread.

E-5
"OUR EASTER MEMORY"
Your memory to us is a keepsake
With which we'll never part
Though God has you in His Keeping
We still have you in our hearts.

E-6
"OUR EASTER MEMORY"
Your memory to us is a keepsake
With which we'll never part
Though God has you in His keeping
We still have you in our hearts.

E-6
"OUR EASTER MESSAGE"
Farewell, dear family my work is o'er
Thy willing hands will toil no more,
A loving father, kind and true
No one on earth we'll find like you.

E-7
"OUR EASTER MEMORY"
Dear Mother, you were the light of our life,
Always happy and gay,
God knows how much we miss you
On this Blessed Easter Day.

E-8
On Easter Day the world becomes the
prettiest kind of place,
And thoughts of you enrich each hour,
To give it added grace.
The flowers we place upon your grave
The clouds against the blue,
Seem brighter than they were before
Because we're always thinking of you.

E-9
No matter how many Easters
Come and go I still pray
I still have that faith, my love one,
We're still in each other's heart
So as ever on Easter morning
I'll say "Happy Easter" dear,
And pretend we never had parted
For your presence I'll feel very near

E-10
Easter brings sad memories,
Of a sister who has gone to rest,
She will never be forgotten
By the ones who love her best.
Though her smile is gone forever,
And her sweet face I cannot touch,
I shall never lose sweet memories,
Of my sister I loved so much.

E-11
Flowers will bloom at Easter time
Fresh with the light spring rain,
But the loss of our dear sister
We would love to see again.
Sister, when the violets open
And the flowers in beauty wave,
We will gather up some bunches
And lay them gently on your grave.
Oh, so often do we wonder
To the place where you are laid,
And think if God had only left you
Longer on earth with us to stay.

E-12
We are sad within our memory,
And lonely, this Easter Day,
For the one we loved so dearly
Have forever been called away.
We think of them in silence,
No eye may see us weep,
But many silent tears are shed
When others are asleep.

E-13
In the book of God's Remembrance
Your name is written there,
And it seems to bring you nearer,
As I breathe my Easter prayer.
I thank the Heavenly Father
For have I known one so sweet and dear,
And pray, his richest blessings
Will ever rest on you.

E-14
The blooming dogwood, all are signs,
That Easter is a holy time
The thoughts of one so true and good
Renews again the overpowering grief,
He is not dead, just gone before,
We miss him more and evermore.
So on Easter to our loved one so dear
We'll send our love and prayers
That God will bless and keep him always in
His care

NOTICE OF PUBLIC HEARING
MASS TRANSIT ADMINISTRATION
MARYLAND DEPARTMENT OF TRANSPORTATION
APPLICATION FOR CAPITAL ASSISTANCE

1. Notice is hereby given that a public hearing will be held by the Mass Transit Administration of the Maryland Department of Transportation. At: 7:00 P.M.
On: Monday, April 18, 1983
In: First Floor Assembly Room
— War Memorial Building
Lexington & Gay Streets
Baltimore, Maryland

For the purpose of considering projects for which Federal capital assistance from the U.S. Department of Transportation under Section 5 of the Urban Mass Transportation Act of 1964, as amended, is being sought, generally described as follows.

A. Description of the Projects:
The Mass Transit Administration of the Maryland Department of Transportation Act of 1964, as amended, to carry out a project consisting of:
Section 5 -
Tier IV - FY 1983
1. Purchase of Classroom Equipment
2. Purchase of Office Classroom Furniture
3. Purchase and Installation of Security Surveillance Equipment
4. Purchase and Installation of Communication Equipment
5. Purchase of Five (5) Service Maintenance Vehicles
6. Purchase of Capital Tools and Equipment
7. Consultant Services for Security - Surveillance Survey, and Electrical Engineering Services for Electrical System Rehabilitation and Lighting Improvements
8. Construction Management and Inspection Services
9. Purchase and Installation of Twenty (20) Bus Stop Shelters
10. Purchase and Installation of Ten (10) Bus Stop Signs
11. Rehabilitation and Renovation of Facilities
12. Fixed Route Account Work Equipment
13. Force Account Work Construction
14. Supporting Services:
15. Contingencies
The equipment to be acquired under this project is for use by the Mass Transit Administration in conducting its mass transit operations in the Baltimore Metropolitan Area. The classroom - office furniture and equipment is needed for conducting the MTA's new Bus Maintenance Training Program. The Communication equipment that is being requested consists of radios for service vehicles used by the Bus Maintenance Department and radios for the MTA's Police Security vehicles. The service - maintenance vehicles included in this project will, in the case of three, replace older equipment while two vehicles will be additional to increase our building maintenance capabilities. The capital tools and equipment consists of a combination of new items for the Bus Maintenance Training Program and new equipment to be used in the bus repair shops. The request for new bus stop shelters and electronic destination signs for buses represent the MTA's continued effort to upgrade operating equipment for the betterment of its mass transit services offered to the riding public.
This grant project will also allow the MTA to procure the services of consulting firm to survey the MTA's security, various types of security and surveillance equipment, and when determined, allow the MTA to purchase the necessary equipment and devices to safeguard personnel, facilities and equipment.
Another consultant is included in this project to survey the MTA's needs in rehabilitating the electrical distribution and lighting system at all two operating divisions. Upon completion of this survey various electrical and lighting projects will be undertaken with grant funds. Also included in this category of rehabilitation and renovation at other projects such as the installation of a new, all-weather, and sanitary sewer line at the MTA's Bush Street Operating Division; the resurfacing of the main access road to the Bush Division; and bus parking lot repair at the Eastern Avenue Operating Division. All of these rehabilitation and projects represent a sustaining effort on the part of the MTA to correct deteriorated conditions at its various operating properties. As part of the above mentioned rehabilitation work, the grant project will utilize about 90 cent of obtaining construction management and inspection of completed work utilized in the course of the contract work.
Force Account work and Supporting Services called out in this grant request represent internal activities of the MTA that are necessary for the proper implementation of these various grant projects.
The total capital project under Section 5 is estimated to cost $2,646,616. A Federal Grant of 80 percent of the project cost ($1,637,293) is being requested. The 20 percent local share ($409,323) will be financed through the Maryland Department of Transportation from State Funds.
B. Relocation:
No families, individuals, business concerns or non profit organizations will be displaced as a result of this project.
C. Environment:
No significant environmental effect, either short - term or long-term, will result from this project. Should the Urban Mass Transportation Administration prepare a formal statement of the environmental impact of the project, the availability of such statement from UMTA will be known by publication in the same manner as publication of this Notice of Public Hearing.
D. Comprehensive Planning:
This project is included in the approved Transportation Improvement Program and Annual Element for Fiscal Year 1983 has been conducted with the Metropolitan Planning Organization and the United Transportation Planning Program; and, as such, has been found to be in conformance with comprehensive land use and transportation in the Baltimore Region Region after review by the A - 95 Clearinghouse for the region.
E. Elderly and Handicapped
Consideration is being given to the special needs of the elderly and physically handicapped in the layout of transit routes and the provisions of passenger amenities. A reduced fare program for elderly and handicapped persons making it possible for eligible participants to ride at reduced rates with no hourly restrictions has been implemented by the MTA. The MTA, through its Mobility bus operation, provides special service to disabled individuals who are wheelchair users, semi-ambulatory or whose disability is such that they are not able to ride regular transit buses in a fixed route service. The MTA is also operating a pilot subsidized taxi program which operates with the same characteristics as the current Mobility service and, in effect, supplements the Mobility service with taxi service. In January 1983 the MTA began a special taxi fare program whereby forty (40) - equipped regular transit coaches were placed in Mobility service for a one - year test. Further advanced planning of MTA accessible fixed - route transit service will result from this test program.
F. Charter Bus Operations
It is the position of the Mass Transit Administration not to solicit charter business. However, the MTA has honored and amended those contractual agreements and charter fares which were established by the former Baltimore Transit Company (BTC) for those carriers acquired by the MTA. The MTA is presently preparing to operate in charter service approximately 5 buses during peak periods and 10 buses during non peak periods and on weekends. The charter trips were conducted outside the operating area in Fiscal Year 1982 and noned during the period from July 1, 1982 through December 31, 1982.
