Kent News.

SATURDAY MORNING.....AUGUST 9, 1884.

COMMERCE OF CHESTER RIVER.

Collector Webster, at the request of Col. Wm. P. Craighill, U. S. Engineer, Baltimore, has prepared an exhibit of the trade of that city and the towns and villages along the water courses, for the fiscal year ended June 14, 1884. Captain W. D. Burchinal, of Chestertown, president of the Enterprise Transportation Company, furnishes the following estimate of the trade of Chester river:

I give you herewith in a rough way what I judge to be the aggregate commerce of Chester river, commencing at Kent Island, or that part of it lying on Chester river: 30,000 bushels of grain, 8,000 boxes peaches, 200 tons phosphates and other merchandize, amounting to about $30,000. This port has not received any government improvement. The next point going up the river is Queenstown, a place of considerable importance from the fact that much trade centres there from the counties; there is shipped from here 60,000 bushels of grain, 60,000 boxes of peaches, 2,000 tons of phosphate, 200 tons coal, 1,000,000 feet of lumber and other merchandise. There has been some money spent in improving the channel at this point, from which great advantage has been derived.

Corsica creek, a tributary of Chester river, is growing in importance from the fact of improvements recently made by the opening of the channel, which now enables steamers to approach within three-quarters of a mile of the thriving town of Centreville, the county-seat of Queen Anne's county, and when the channel is cut up to the town, as it is desired it should be, greater results will follow. The trade from Centreville and other landings up the creek, carried on steam and sail vessels, at the present time consists of 500,000 bushels of grain, 100,000 boxes of peaches, 6,000 tons of coal, 500,000 feet of lumber, 10,000 tons of phosphate and other merchandise, $300,000.

Grey's Inn creek, on the Kent county side of the river, is a point of some importance, and has never as yet been improved by "river and harbor" appropriations. The trade consists of the annual shipment of probably 30,000 boxes of peaches, 30,000 bushels of grain, 200 tons of phosphate, 500,000 feet of lumber and other merchandise, $50,000.

Landford's bay, a water-course also tributary to Chester river, has a trade of 50,000 bushels of grain, 50,000 boxes of peaches, 200 tons of coal, 200 tons of phosphate, as well as lumber and other merchandise amounting to several thousand dollars.

South East creek, on the Queen Anne's side of the river, not improved, but badly needing improvement, has a trade of 150,000 bushels of grain, 100,000 boxes of peaches, 300 tons of coal, 200,000 feet of lumber and other merchandise, $150,000; partly navigable by steamers and sail vessels.

Quaker Neck, a landing immediately upon the river on the Kent side, has a trade of 100,000 boxes of peaches, 50,000 bushels of grain, and lumber and other merchandise, $100,000.

Rolph's Wharf, immediately on the river, Queen Anne's side, has a trade of 100,000 boxes of peaches, 80,000 bushels of grain, 100,000 feet lumber, 200 tons phosphate, other merchandise $20,000.

Chestertown, the county seat of Kent, is the most important trading point on the river. Located in one of the finest agricultural regions of the State, supporting several large factories and a heavy lumber trade gives great importance to her commercial trade; 2,000,000 feet of lumber, 3,000 tons coal, 5,000 tons phosphate, 250,000 bushels grain, 100,000 boxes peaches, store goods, farming implements, etc., $1,000,000.

Round Top, Queen Anne's side, 50,000 boxes peaches, 15,000 bushels grain, coal, lumber and other articles, $20,000.

Deep Landing, 50,000 boxes peaches, 20,000 bushels grain, 100 tons phosphate, 100 tons of coal, other merchandise $10,000.

Travilla Landing, 50,000 bushels grain, 100 tons coal, 100 tons phosphate, 4,000 boxes peaches.

Crumpton.—This point has been greatly benefitted by the cleaning of the channel up to the town, and now has a trade of 100,000 bushels of grain, 300 tons coal, 200,000 feet of lumber, 300 tons of phosphate, 10,000 boxes peaches; other merchandise $100,000.

Kirby's Landing, three miles above Crumpton, only navigable for sailing vessels of light draft, has a small trade considering the surrounding country from the fact of its poor navigation, trade being forced to railroad. The trade consists of 75,000 bushels grain, 300 tons coal, 150,000 feet of lumber, 200 tons phosphate; other merchandise $50,000.

LOGAN WANTS TO STARVE THE NEGROES.—Gov. St. John, the prohibition candidate for president, in a speech last week gave publicity to a new feature in Gen. Logan's history. Gov. St. John says:

There was a law once in force in Illinois to the effect that any white person caught in the act of giving aid or sustenance to any colored man, woman or child should be arrested, and, upon proof of the charge, should be thrown into prison for two years. I was practicing law at that time in an Illinois town, when a little colored lad came to my house and said: "Please, mister, won't you give me something to eat? I haven't had anything to eat in two days." I called my wife and told her to get the boy a slice of bread and butter it all over and get some meat. "Would it not be better," she said, "to have the boy come into the house as everybody seems to be watching us?" I said, "No, I want this people to see that I am not afraid to give and sustain any of God's poor unfortunates." The Grand Jury was in session at the time, and an indictment was soon found against me for giving sustenance to a negro. I was accordingly arrested and brought before the Court, and pleaded guilty to the charge, and stated in open court that I would do so again, and whenever I found the laws of man interfering with the laws of God I would violate the human law every time. The testimony given had the desired effect, and the Court announced to the packed Court House that he found the prisoner at the bar "Not guilty of the charge," and I was set free. The man who was the prime mover and factor in the passage of this bill was none other than John A. Logan, the nominee for Vice-President of the Republican party.

This John A. Logan, who wanted people put in jail for simply giving bread and meat to poor colored people, is now a Republican candidate and expects the children of these negroes whom he so hated to help him into office.

A YOUTHFUL MILKER.—Richard Townsend, a farmer living near Townsend, Del., has a fine curiosity of no ordinary kind, and one which will especially direct its attention to growers of stock everywhere. He has a calf nine months old, Holstein breed, that is giving a gallon of milk every morning and night. The calf is perfectly healthy, of ordinary size for a calf of that age, and is highly prized by the owner. Quite a number of persons have been to look at the youthful milker, and all agree that they have never seen or heard of the like before.—*Smyrna Record.*

GENERAL BUTLER, in a letter to the New York *Sun*, says he intends to stand by the nominations of the Greenback and Laboring men and the Antimonopolists, and hopes everybody will vote for him who thinks that it is the best thing to do

It is estimated by the New York papers that 100,000 people visited Coney Island Sunday to get salt water and sea air, and that there was no disorder. The estimate for Rockaway Beach was 40,000 visitors, and the bathing-house keepers said they never have had such a rush.

COL. GEORGE R. HOWARD, a well known citizen of Cecil county, died on Monday night in his 84th year.

BALTIMORE MARKET.—The Baltimore papers of yesterday quote as follows:

WHEAT—Longberry 93@$ 95; Fultz 90@92c. for fair to good. CORN—White, prime 70@72; yellow, 68@70. OATS—Maryland, 47.

FOR SALE OR EXCHANGE—One 2 Spring Light Brewster Phaeton, very fine and handsome. Also, 1 Brewster Leather Top Buggy very light and fine. Everything about these wagons is of the best quality. The painting cannot be excelled. They will be fully warranted and will be sold low and upon terms to suit purchaser. E. LESTER COVINGTON, Agent, Lynch's, Md.

Fertilizers for Wheat and Clover!

T. W. ELIASON, JR.

No. 1 Ammo. Superphosphate of Lime & Potash

—AND—

CHESTER COMPOUND.

A number of the finest crops of Wheat in the County have been raised by the application of the above Fertilizers. They have been on trial for a number of years with increased popularity after each year's use. They contain no adulterating material and their present high standard will be maintained. I would be pleased to have buyers call before purchasing.

☞ Also, for sale Dissolved Bone Phosphate (South Carolina) and Alkaline Salts price $20 and interest, on crop time.
T. W. ELIASON, JR.
aug9-9t.

1850. Lister's Fertilizers. 1884.

NO CHANGE—NO VARIATION—FROM THE HIGH STANDARD FIRST ADOPTED.

LISTER'S FERTILIZERS!

So well known to agricultural communities are offered to the Farmers with the assurance that the quality and grade are as they have been of the highest order.

Persons who have used these goods through a series of years continue to apply them with great success, realizing full crops and permanent improvement of the land. Some of the largest yields of Wheat in this county this year, and heaviest fields of clover were produced through the application of the preparations of

LISTER BROTHERS.

WM. N. E. WICKES

Is the Agent for the LISTERS,

and will be glad to fill orders at any time or at any of the Landings on the Bay or River. Orders left at the store of WICKES & BROTHER will receive prompt attention.
CHESTERTOWN, Aug. 2—12t.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including **Constipation, Indigestion, Dyspepsia, Headache, Dysentery,** and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 2, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

He is Coming

The Greatest Disease Detective Living

☞ The Eyes of Whom Disease Cannot Deceive. ☜

Prof. H. P. LORMAN,

BETTER KNOWN AS THE

"Indian Doctor."

ON HIS ANNUAL TRIP.

KEEP YOUR EYE ON TIME AND PLACE, AND Don't Miss the Only Chance You May Ever Have.

12,978 Patients Waited Upon in 1882.

This is the man who has only to look at you and describe all your ailments—places his finger directly upon your pains and aches with the agility of a Wizard.

If you are doing well under the care of your home Physician, and there is a reasonable prospect of recovery, do not come to me.

My province is to treat those who cannot find relief otherwise, and I have no disposition or desire to interfere with any system that is honest and effective.

Herbs, Roots, Barks, Gums and Balsams, are the only remedies used by the Professor, and are furnished at his rooms.

All those who wish to consult him can do so free of charge.

Please bear in mind that the Professor does not ask you any questions preparatory to describing your ailments, nor does he feel your pulse, or require you to show your tongue.

READ THE FOLLOWING EXTRACTS:

Scientific Knowledge of Medicine!

For several evenings past, large crowds of people have surrounded the Chariot of Prof. H. P. Lorman, where, in plain language, he explains the causes and symptoms of the various diseases that afflict humanity, and what is far better, also furnishes the remedies wherewith to cure and even prevent them. His system comprises the use of roots, barks, herbs, gums, &c.; selected from the great laboratory of nature, and administered not as is too often the case with many so called "Herb Doctors" in a hap-hazard way, but Prof. Lorman is possessed of a scientific knowledge of medicine—which is supplemented with years of practical experience amongst the Red Men of the far west; whose knowledge of nature's cures for certain diseases is undisputed and is the most precious of the conditions of those strangely remarkable races. The Professor comes highly recommended by the Uttstown Press and others.—Phoenix Journal, Nov. 2, 1882.

Wonderful! Wonderful!! Wonderful!!!

The great interest manifested in the able lectures of Prof. Lorman has not abated in the least. Saturday night the spectators numbered over a thousand; and last evening the crowd was simply immense. The Professor is a fluent speaker and has worked some wonderful cures. He was besieged with patients at the Farmer's Hotel, where he has been stopping for the past week. Yesterday the parlor, hallways, porch and steps were all crowded with patients. To see the many people leaving the hotel carrying bottles, one would be led to suppose that a medicine distillery was somewhere near by. Although over $1,200 worth of medicine was sold, not a bottle was returned.—Pottstown Daily Chronicle, Oct. 3, 1882.

Over 1,500 Persons Consult Him.

Our citizens, during the evenings of this week, have listened attentively to the interesting lectures upon diseases and their treatment, given by Prof. Lorman. Some may regard him as a charlatan and pronounce him a humbug, but all he asked them to do was to call upon him at the Broadway House, and if he did not do all that he promised with regard to the location and cure of disease, then he would say they have grounds for distrusting him. The Professor has been very successful in Slatington, Lehighton and other places in the Valley. At Slatington alone, over 1500 persons consulted him, many coming long distances for the purpose.—Mauch Chunk Democrat, June 24, 1882.

Political Meetings Jarred!

Prof. H. P. Lorman, the eminent Indian Doctor, while in Phoenixville, drew large numbers out to hear him lecture on diseases. His meeting on Saturday evening was an immense one, and entirely broke up a Prohibition meeting that was endeavored to be held on Bridge street, and sadly demoralized the Republican meeting which was being held in Masonic Hall. This herb doctor cardemoralized the Republican meeting which was being held in Masonic Hall. This herb doctor carried off some $1,200 from Pottstown, and from the appearance of the crowds at his meetings, and the number of patients at his hotel, he will carry away still more from Phoenixville.—West Chester Local News, Nov. 6, 1882.

Just What He Represents Himself to Be!

The famous Indian Doctor Lorman, who for the past week traversed our streets behind a spanking team of horses, and occupied the corner of second and Lawton streets every evening, has added to his fame while here. His optical powers are wonderful, and as he has proven, he can tell you the disease you are afflicted with by merely looking you in the eye. A large number of people were examined by him while here, and all were satisfied that he is what he represents himself to be, "the greatest disease detective living."—St. Clair Splinters, Aug. 5, 1882.

RELIEVED OF A REPTILE.

A St. Clair lady (Mrs. Tracy Yost) suffering for many years of tænia (Tape Worm) or supposed to be, went to see Prof. Lorman, the Indian Doctor, when he visited this place the other day. He gave her some medicine which caused violent vomiting, during which she was relieved of a seven-inch lizard. She has felt better since. How long the reptile inhabited her system she does not know, but is very thankful to have it removed.—Pottsville Evening Chronicle, Aug. 14, 1882.

You Will Not Regret a Visit to Him.

Prof. H. P. Lorman, well known to our citizens as the Indian Doctor, has recently completed a highly successful tour of South Jersey. The Professor's wonderful medical skill has become so well and favorably known in this section that it is not necessary for us to enlarge upon it, or attempt a description of it. All we have to say is that you will have no need to regret a visit to him when suffering from the ills he claims to cure.—Gloucester Reporter.

Following Him From Town to Town.

Prof. Lorman, the Indian Doctor, had his hands full while in this city. He was busy from 6½ A. M. until 12 o'clock in the night, waiting upon patients. The Professor must do all he advertises; for men, women and children would not follow him from Salem, Bridgeton, Millville and other cities after more medicine. Give him a call and see what the disease is that your Physician is treating you for.—Vineland Daily Times.

Rooms Crowded from Morning till Night.

* * * He had a big run of customers during his sojourn here, which lasted only one week. Prof. Lorman had his room crowded daily from morning till night, the rush being so great that the invalid corps standing in waiting in the hall of the American Hotel, had to take their turns for admission. All come away imbued with great faith in the Doctor's curative agencies.—Extract from Allentown Democrat, June 7, 1881.

Marvelous Cures!

Prof. H. P. Lorman has had quite an extensive practice in the towns throughout the counties that he has visited, and from present indications Minersville will not be behind the others. His cures in some instances have been marvelous.—Schuylkill Republican, Aug. 12, 1882.

Wonderful Faculty for Locating Disease!

Prof. H. P. Lorman, the celebrated Indian Doctor, whose miraculous cures and wonderful faculty for locating diseases have made him so widely known, addressed the citizens of Phoenixville last evening.—Phoenixville Daily Independent, Nov. 1, 1882.

Everybody Should Consult Him!

The Professor certainly does as he advertises, let it be Physician, Pycology, Phrenology or by a gift endowed by God. We think every person having a disease should consult him.—Bridgeton Evening News.

Prof. H. P. Lorman was, last summer, in Allentown, where he made many wonderful cures after other doctors had failed to do so.—Allentown, Pa., Republican, Jan. 10th, 1883.

Prof. Lorman made some wonderful cures while in this town. He is reliable and will not take advantage of any one.—Columbia, Pa., Courant, Jan. 11th, 1883.

More than a Medical Experimenter!

This gentleman possesses recommendations which ought to place him above the plane of the mere medical experimenter.—Vineland Republican.

He Will Tell You the Truth.

This gentleman has made many wonderful cures, and he will tell you the truth about your disease. His optical powers are wonderful.—Millville Herald.

Will be at Chestertown, Md., for one week from August 11 to August 18, 1884, at the Voshell House. Office hours daily from 9 to 12, and from 1 to 5 o'clock.

☞ No charge for consultation.

"Whitelock's Vegetator"

AMMONIATED SUPER PHOSPHATE — W. WHITELOCK & CO'S MARK — VEGETATOR — BALTIMORE — 167 — THE CROP PRODUCER

FOR WHEAT AND GRASS.

Farmers, if you wish to obtain large yields of the above crops and get the worth of your money, use the best Fertilizer in the market—

"WHITELOCK'S VEGETATOR."

Price, $36.00 per Ton of 2,000 pounds, New Bags, 167 Pounds Each.

If you desire a lower-price manure, which is the cheapest and best for the money, purchase our

"SUNNYSIDE" PURE BONE DISSOLVED PHOSPHATE

Price $30.00 per Ton of 2,000 Pounds. New Bags, 167 Pounds Each.

To those desiring a Dissolved Bone Phosphate, without Ammonia, the action of which is superior to most articles sold as Acid Phosphate or South Carolina Bone, we offer our

"SOLUBLE PHOSPHATE & POTASH FERTILIZER."

Price $20.00 per Ton of 2,000 Pounds. New Bags, 167 Pounds Each.

The above brands are sold and delivered, 12 bags to the ton, and in fine and dry condition for drilling. EXTRA MOISTURE IN A FERTILIZER ADDS TO THE COST.

You should count the cost of the Fertilizer by the cost per acre. As the soil requires more of a lower grade Fertilizer to the acre than one of a higher grade, the consequence is that the extra quantity required, the extra labor in applying it, and the poor results obtained, make the lower grade of goods more costly.

With perfect confidence we refer buyers to all who have applied our Fertilizers.

MILLER, LIPPINCOTT & CO.

is selling CLOTHING Cheaper than any other house on the Shore. He sells more Clothing than any other House in this county. He buys everything for CASH and can therefore afford to sell from

15 to 20 Per Cent. Lower

than any other House who is compelled to buy their Clothing on long credit or commission. These goods are all new and of the latest styles. For want of space we shall only mention a few prices. Forty Different Styles of Men's and Youth's Suits, which we are selling from $3.00 to $25.00. We have One Hundred Different Styles of Men's, Youth's and Boy's Pants, which we are selling from 75 cents to $7.00. We have Seventy-Five different styles of Boy's and Children's Suits which we are selling from $1.00 to $12.00. We have a large stock Men's, Youth's, Boy's and Children's Single Coats which we are selling at half price, as they are broken from the Suits. We Guarantee you can buy of us anything you want in

Clothing, Hats, Caps and Furnishing Goods, fully 20 per cent. cheaper than from any other Store in Chestertown,

or on the Shore. Come and see for yourself and compare prices with others and you will be convinced that what we say is strictly true.

Respect'y
A. FRIEDMAN,
April 26, 1884. *Under the Kent News Office.*

Sealed Proposals

—TO—

ERECT STONE ABUTMENTS, BUILD BRIDGE AND TO WIDEN BREAST OF MILL DAM AT FAIRLEE MILL.

THE County Commissioners will receive bids till 12 M.,

TUESDAY, AUGUST 19th,

to furnish all materials and erect Stone abutments, build bridge and widen breast of Mill Dam at Fairlee Mill. Two abutments to be of hard Port Deposit granite, size known as two man stone, solidly laid in best cement. Dimensions: Breast 16 feet high and 16 feet wide—4 wings, each 16 feet high, 14 ft. long, and to diverge to 24 ft. at ends—the whole foundation to be 4 ft. thick, gradually drawn in to 2 ft. at top. Bridge to be of iron or white oak timber, 30 ft. long and 16 ft. wide, well braced and railed. Breast of mill dam to be filled out to a width of thirty feet (for a distance of 414 feet, dirt convenient without cost.)

Bids will be received for the entire work or for one or more parts thereof, and time required to complete same work to be stated therin.

The work to be done under contract with security for the faithful performance thereof.

Commissioners reserve the right to reject any or all bids.

C. P. LOPER,
J. B. PARROTT,
R. C. SMYTH,
V. HENDRICKSON,
J. C. WHEATLEY,
Commissioners.

Attest—T. W. RUSSELL, Clerk.
Aug. 2, 1884—3t.

WHITMAN'S

Improved Fountain Pump.

A PORTABLE PUMP & SPRINKLER.

THIS convenient and easily managed apparatus serves equally well for watering Shrubbery, Plants and Flowers; for washing Windows and Carriages; for extinguishing Fires; for Sprinkling Sidewalks and roads. Fires taken in season can generally be extinguished by a very small amount of water, and such an apparatus as Whitman's Fountain Pump ought to be in every establishment where there is any danger from a conflagration.

Call and see them. For sale by
m17. T. W. ELIASON, JR.

WANTED!

The Citizens of Kent and Queen Anne's to know that
